DEMOCRACY A DEFICIT.

Total Over Seventy-five Millions.

But Officials are "Confident" that it "May" Soon be Reduced.

Income Tax Produces About a Half of the Total Expected of It.

Customs Receipts Far Under the Calculations of the Administration.

WASHINGTON, June 30.—The business year of the Federal government came to an end today with treasury officials still unable to determine how much of a deficit the accounts of receipts and expenditures for the last twelve months will show. Internal revenue has throughout the country telephoned that they would remain open still a late hour tonight and that figures on the last day's returns would be available until tomorrow.

The deficit today, exclusive of disbursements on account of the Panama Canal, was well over \$75,000,000. Officials were confident that figure would be materially reduced. The income tax up until today had produced about \$40,000,000, but estimates of the total return from this source are based on something over \$50,000,000. Congress amended the law (Continued on Third Page.)

SEVEN CADETS ARE ARRESTED.

MIDSHIPMEN CHARGED WITH HAZING AT ANNAPOLIS TO BE INVESTIGATED.

(BY A. P. NIGHT WIRE.)
ANNAPOLIS (Md.) June 30.—Seven midshipmen were placed under arrest at the Naval Academy today, charged with hazing or "running" members of the new fourth class, formed since the close of the school year early this month. It also is understood that additional arrests may be made tomorrow.

The youths were involved as the result of disclosures made by the "plebe" victims to the board of inquiry named by Supt. Fullam, which began its investigations yesterday. The names of all concerned were withheld by the academy authorities.

BOND SALE EXTENDED.

San Pedro, Los Angeles and Salt Lake Line Given More Time to Dispose of Securities.

(BY A. P. DAY WIRE.)
CHICAGO, June 30.—Extension of time from July 1 to December 31, 1915, was granted today to the San Pedro, Los Angeles and Salt Lake Railroad by the State Railroad Commission for the sale of \$311,000 first mortgage 4 per cent. fifty-year gold bonds at not less than 82 cents on the dollar. Of the original issue of \$51,000 authorized sold at 90, \$550,000 have been sold, but a poor financial market delayed the sale of the balance, the railroad said, and the lower price became necessary.

ARCHBISHOP IS WORSE.

James Edward Quigley of Chicago is Reported by Physicians to be Gradually Sinking.

(BY A. P. NIGHT WIRE.)
ROCHESTER (N. Y.) June 30.—Archbishop James Edward Quigley of Chicago, stricken with paralysis at the home of his brother here, is not expected to survive, according to physicians attending him.

Up to a late hour tonight no radical change had been noted in the condition of the Archbishop. A gradual, though perceptible, weakening which tends to confirm the previous statements of physicians that the end was near, was noticed.

MOBS RIOT UNCHECKED

Awful Situation in Mexico City.

Continued Looting Described in Dispatches to Wilson via Vera Cruz.

Entire Garrison Withdrawn to Reinforce the Army of Gen. Zapata.

Famine Grows Worse and the Demand for Red Cross Aid More Urgent.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 30.—Desperate conditions in Mexico City, with unchecked mobs rioting and looting, are described in dispatches cable to the United States government tonight from Vera Cruz by a courier who left the Mexican capital last Friday, June 25.

When the courier started, practically the entire garrison had been withdrawn to join the Zapata army on the outskirts of the city opposing the attacking Carranza forces under General Pablo Gonzalez. Gonzalez had been driven back with considerable loss and was waiting for reinforcements coming up from Vera Cruz before renewing the assault.

No mention has been made of attacks upon foreigners, so officials assumed that they were safe. Many stores had been looted, the dispatches said, and great mobs were rioting and seizing food wherever it was to be found.

The dispatches were forwarded immediately to President Wilson at Cornish, N.H., and the situation will be laid before Secretary Lansing when he returns tomorrow from Amherst, Mass.

The Mexican capital has been cut off from communication with the outside world by wire and rail for twelve days. The last previous word from there had come Monday night in dispatches from the British charge sent by courier who left the city June 23, two days before the departure of the messenger who brought the reports received tonight. At that time conditions were only less serious than the latest dispatches describe them.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
WASHINGTON BUREAU OF THE TIMES, June 30.—News comes from various parts of Mexico that the famine situation is desperate. J. C. Weiler, of the American Red Cross, reports from Monclova that there is great need for corn, beans, salt and sugar.

Red Cross advisers say that the supplies which have thus far been sent to help the starving Mexicans are only a drop in the bucket.

Consul-General Silliman reports corn shipments to Pachuca are held up by the use of the railroad for troop movements by Carranza forces.

Reconciliation of the Villa and Carranza factions in Mexico is being attempted anew. The certainty that Huerta and his sympathizers are organizing what may prove a formidable counter-revolution has forced action. The advisers of the first chief and his former general are trying to get them to agree to peace parleys which, if successful, will result in the establishment of a government that can be recognized by the United States. Such a government would be able to become permanent as, once it is established, the embargo on arms to all but its official representative, it is said, would be renewed by the United States. It is to further this plan that Attorney Charles A. Douglas of this city is now en route to Vera Cruz.

CONFESPIRACY ALLEGED.
(BY A. P. NIGHT WIRE.)
EL PASO (Tex.) June 30.—Three more arrests on charges of conspiracy to violate the United States neutrality laws were the definite developments (Continued on Sixth Page.)

OUR TRADE IS IMMENSE.

A Billion Dollars, Greatest in History, Is the Year's Balance.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 30.—A billion-dollar trade balance—the greatest in American history—in a year, which has seen commerce depressed by eleven months of world war, is the commercial record of the United States. Official announcement was made today at the Department of Commerce that with the closing of the fiscal year at midnight it was certain that the billion-dollar mark had been passed. "The figures for eleven months ending May 31," it was announced, "show a favorable balance of \$933,117,479. As thirteen ports, which ordinarily handle 90 per cent. of the country's foreign trade, show for June an export balance of approximately \$60,000,000, it is now known that the excess of exports over imports at this date exceeded \$1,000,000,000, surpassing by nearly \$400,000,000 the highest record heretofore made."

Department of Commerce experts point out that the immense trade balance is not owing to orders for munitions of war. In fact, manufactures generally other than of foodstuffs have been less than in the similar periods before the war.

MAY SEIZE THE WIRELESS.

SAYVILLE STATION SUSPECTED OF NEUTRALITY VIOLATIONS.

Navy Officials Say This Plant is Powerful Enough to Send Messages to the German Submarines. Evidence of Such Communications is Not Yet Established.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 30.—The United States is seriously considering taking over the wireless station at Sayville, L. I., one of the two great plants by which direct communication between the United States and Germany is maintained. The other station at Tuckerton, N. J., already is under government control.

Evidence of alleged violation of neutrality at Sayville, notwithstanding the contention by the Navy Department, has been gathered by the Department of Commerce. Secretaries Redfield, Daniels and Lansing have conferred at length on the subject and expect to announce their decision in a few days.

The wireless station is powerful enough to communicate with submarines across the Atlantic, thus making possible the use of American territory as a base of hostile operations. It is one of the influences in favor of controlling the Sayville plant. Both the conferees and appropriate Navy officials say, however, that submarines could receive messages when coming to the surface, although they probably could not acknowledge receipt.

Under a recent executive order President Wilson authorized the Navy Department to take over "one or more" wireless stations and conduct a commercial business, holding the net proceeds in trust for the owners. The wireless station at Sayville is privately owned, but the Department of Justice has upheld the legal right of the government under a recent act of Congress to appropriate private plants in cases of emergency.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
WASHINGTON BUREAU OF THE TIMES, June 30.—A tour through the United States covering 10,740 miles and twenty-seven large cities, begun in San Francisco in May, was completed with the arrival here today of the Chinese commercial commissioner.

The Chinese commissioner inspected nearly 200 industrial plants and the more they saw the more positive they grew in the belief that added steamship lines and banking facilities are necessary for the promotion of commerce between the United States and China," said C. B. Randall of Seattle, who took charge of the tour for the Associated Chambers of Commerce of the Pacific Coast.

In every large city where they spoke the commissioner emphasized the fact that sentimentality and commercially China preferred to do business with the United States. They laid particular stress upon their desire for a maintenance of the open-door policy in China.

Ten of the commissioners will sail on their return to China on the steamship Siberia, which departs July 10. The remaining commissioners will remain in the United States.

MUST KEEP DOOR TO CHINA OPEN.

ORIENTAL COMMISSION HIGHLY ELATED AT PROSPECTS FOR BUSINESS.

NEW TACK INDICATED.

War May Extend to Maine Coast.

Von Tirpitz Contemplating to Send His Submarines Across Atlantic.

Would Operate from a Secret Base Against Ships Laden with Munitions.

Washington Officials Reported to Have been Informed of the Matter.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
WASHINGTON BUREAU OF THE TIMES, June 30.—

Information has reached Washington that there is a strong probability of the German Admiralty launching a submarine campaign from secret bases on this side of the Atlantic in an effort to halt the procession of munition ships from the United States to British and French ports. It is known that Admiral Von Tirpitz of the German navy contemplates a more vigorous campaign against freight ships conveying ammunition and war supplies from this country to the allies, and the attack on the Dominion steamer *Armenian*, loaded with munitions, may be the beginning of a new German submarine campaign against the big fleet of British and French cargo steamers which are about to commence carrying cargoes of munitions in vast quantities to the allies after July 1.

The information that has now reached Washington, and which came from a reliable source, indicates the probability of the German undersea raiders attempting to establish a secret base on one of the islands of the New England coast, at a point or points from which German submarines might sail forth in the steamer lanes of the trans-Atlantic lines to attack munition freighters going from New York and Boston to England and France.

The impression was conveyed that there was a probability of such bases being established on some one or more of the unfrequented islands which dot the Maine coast.

The establishment of such a base on the American coast would constitute a flagrant violation of American neutrality and would undoubtedly be provocative of severe stress in the relations between this country and Germany, but the informant of The Times insisted that the information had come in so definite a fashion that it could not be ignored and it is known that the possibility of the establishment of such a secret base among some of the islands of the New England coast has been brought to the attention of the officials, who are turning the matter over in their minds very seriously.

It is by no means an impossibility for the latest models of German submarines to cross the Atlantic. The largest and newest of the German undersea boats are capable of a cruising radius of not less than five thousand miles and a submarine with such a radius would be able to negotiate the distance from Wilhelmshaven to the Maine coast.

The Maine coast is within easy striking distance of the Atlantic steamer lanes, which run farther (Continued on Second Page.)

THIRTY DAYS FOR POKER.

Six Drummers are Reprieved by Keadly Governor of Louisiana.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
BATON ROUGE (La.) June 30.—Gov. Hall saved six traveling men from thirty days in jail by granting them a sixty-day reprieve following their conviction at Winnfield for playing poker. The six are S. E. Phillips, George W. Gates, H. W. Turpin, R. Bernstein, L. B. Dean and Roy Davis. The drummers told Gov. Hall they were willing to pay their fines, but thought thirty days in jail too severe for playing a friendly game of poker to "pass the time away."

PAY OURSELVES FOR OUR GOODS.

THIS IS BRITISH IDEA OF SQUARING ACCOUNTS.

Banker Davies Says We Should Either Buy War Bonds Liberally or Make Them a Loan of \$500,000,000, Which Would Offset England's Debt to Us.

(BY ATLANTIC CABLE AND A. P.)
LONDON, June 30.—The situation arising from the weakness of New York exchange on London continues to be much discussed, the treasury appearing to be willing to permit gold to flow to America in part payment of the balance created by war purchases. The exchange situation meanwhile has not been remedied.

E. F. Davies, chairman of the Committee of English and Foreign Bankers on Exchange Problems, in discussing the exchange question today, said:

"I consider the best way for American exchange to be 'righted' will be by Americans subscribing liberally to the new war loan, exchange being at present something like 2 per cent. in favor of America on such an operation, or by Americans granting about \$500,000,000 of credit to Great Britain."

"The former way is much the better one, but either is in the interest of both countries and America thereby would pay herself for her shipments to this country. Paris depends solely on London and any payments for munitions or food must be made through London."

GERMAN VIEW ON FRYE CASE.

(BY ATLANTIC CABLE AND A. P.)
BERLIN (via London), June 30.—A Reuter dispatch containing a summary of the United States note asking Germany to reconsider her refusal to settle by direct diplomatic negotiations the claim arising from the sinking of the American ship *William P. Frye* is printed without comment by the Berlin newspapers with the exception of the *Rundschau*.

This paper introduces its article by saying:

"Along with the *Lusitania* incident which, it is true, is settled so far as we are concerned, but it is to be looked upon again for America's sake, comes an exchange of opinions concerning the sinking of the ship *Frye*."

The *Rundschau* asks what more America wants than an offer to pay damages. The paper answers its own question by saying: "It wants to influence the German method of marine warfare in favor of England and absolutely nothing else can be said."

Rejection by the United States of the proposed prize court proceedings, the *Rundschau* contends, is not justified. The newspaper continues: "Finally, the American standpoint that Germany has not the right to hinder the shipment of contraband on American ships simply cannot be considered by us. Germany has this right unconditionally, for it is dealing with the protection of its most urgent interests. As to the means wherewith it sees fit to put this right into execution it does not need any instructions from the United States any more than in the *Lusitania* case. We offer to pay full damages and have said so. With that this case, too, is settled so far as we are concerned, at least in principle."

INSIST ON PASSPORTS.

Steamship Company with Tahiti Connections Demands Papers from All Passengers to Society Islands.

(BY A. P. DAY WIRE.)
SAN FRANCISCO, June 30.—Passports have been required to be shown by all persons purchasing tickets to the Society Islands, it was said today by officials of the Union Steamship Company of New Zealand, limited, the only line touching there from San Francisco. This order was made effective six weeks ago when the French authorities at Tahiti began the demand for passports.

No report has been received yet as to whether four passengers from here on the steamer *Mail*, which sailed May 27, have been admitted. All passengers sailing previously were admitted. Twelve passengers, who sailed from here June 13 on the steamer *Moana*, will not arrive at Tahiti until July 6. The four persons destined for Tahiti on the *Mail* were R. S. Knutson, Percy Varney and R. W. Smith, who were booked at San Francisco, and A. W. Gilmore, who was booked at Los Angeles.

ARMENIAN IS SUNK.

Mule Ship Destroyed by a Submarine.

Score or More United States Citizens Reported to Have been Lost.

News Creates a Sensation in Departmental Circles in Washington.

Bearing of the Case on the Negotiations with Berlin Still Indefinite.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
WASHINGTON BUREAU OF THE TIMES, June 30.—Administration officials were shocked beyond measure this afternoon by receipt of the news that a score more of American lives have been sacrificed to the German submarine warfare.

The intelligence of the sinking of the British merchant steamer *Armenian* by the German submarine U-58 and the killing of twenty American attendants of the horses and mules being transported on the vessel was received by the State Department in a cablegram from Consul Armstrong at Bristol, England.

DEPARTMENT STATEMENT.
The department made the news public in this statement:

"Department has received cablegrams from the American Consul at Bristol, England, reporting that the *Armenian* was torpedoed and sunk at 2 p. m. June 28, twenty miles west of north of Trevose Head, Cornwall, by German submarine U-58. That the *Armenian* was struck by a shot and that twenty-nine men were lost and ten injured."

"It is reported to the Consul that Dr. Vio and three of the negroes were picked up by a submarine. Other survivors were picked up by the Belgian trawler *Prof. Stevens* and transferred to two destroyers at noon yesterday and brought into Bristol last night."

The receipt of the message produced unusual excitement in official circles. It was transmitted at once to President Wilson who is in the midst of a short vacation at his summer residence at Cornish, N. H.

The contents of the dispatch were also wired to Secretary of State Lansing, who is on his way back to Washington from Amherst College where he received an honorary degree yesterday.

THE LAST OF MISSING.
The list of missing, as finally made up tonight from Consul Armstrong's reports, follows:

R. Williams, St. Louis.
J. M. Monroe, New Orleans.
R. M. Granberry, Montgomery, Ala.
S. R. Sutton, Carterville, Va.
Harry Stone, New York City.
Brown (cattle caretaker), Harrisburg, Pa.
R. H. Brooks or West (chief foreman of muleteers), London (naturalized American).
Henry Leroy Jackson and Speed, Richmond, Va.; Wall, Foley and Little, Newport News, Va.; King, Small, Rickert and Oakes, Norfolk, Va.; Smith, Portsmouth, Va. (all negro muleteers).
Eight of the Americans were white men and twelve were negroes.

The President telegraphed instructions to the State Department to have Ambassador Page at London initiate at once a searching investigation of the circumstances under which the Americans lost their lives. Consul Armstrong is obtaining dispositions from the survivors and the State Department expects to receive from Ambassador Page tomorrow a more detailed account of the tragic affair.

Secretary of State Lansing said word that he will be in the capital tomorrow. Inasmuch as it probably will take some time to complete the investigation the President probably will not return to Washington until after July 4 as he had planned when he departed on his vacation. By a direct wire to the White House he can keep in close touch with developments in this startling complication of the submarine controversy between the United States and Germany.

The assessment of administration officials at the report of the occurrence was all the more pronounced as a result of the growing confidence that Germany in the answer to the President's last note will guarantee the immunity of Americans from harm henceforth in the submarine warfare. This confidence is founded upon press dispatches from Germany and upon an official communication from Ambassador Gerard at Berlin indicating that the reply will be favorable to the American contention.

The fact that no Americans have been killed in submarine attacks on merchant vessels of enemy nationality since the sinking of the *Lusitania* has been generally accepted by administration officials as an earnest of Germany's intentions. All of these theories and expectations were completely upset by the intelligence that the death roll of Americans sacrificed (Continued on Second Page.)

Made in Charge at Seddul Bahr.Gen. Sir Ian Hamilton Said to Have Won a Signal
Success in Move to Establish New Position—Ottomans
Insist Their Center in Counter-attacks Took Two
Lines of Trenches Inflicting Losses.

[BY ATLANTIC CABLE AND A. P.]

AMSTERDAM, June 30 (via London).—An official communication issued at Constantinople today announces that the Anglo-French forces on June 28 thrice attacked the Turkish left wing at Avi Burnu and the Turkish right wing at Seddul Bahr, but were repulsed on both occasions with very heavy losses.

The Turkish center, the statement adds, in the course of counter-attacks, captured two lines of allied trenches, inflicting great loss, and silenced the allies' batteries on Cape Teph.

LONDON, June 30.—A statement issued today dealing with the operations in the Dardanelles announced that two lines of Turkish trenches have been captured to the east of Saghir Ders and that three lines have been stormed to the west of that place.

The official statement says: "The plan of operations on June 28 was to throw forward the left of Gen. Sir Ian Hamilton's line southeast of Krithia and to establish a new line facing the east on the ground gained, capturing in succession two lines of Turkish trenches east of Saghir Ders and five lines to the west."

"More than hoped-for success from the operations has been gained."

The statement continues: "An Australian corps was ordered to co-operate by making a vigorous demonstration. The action followed at 9 o'clock with a bombardment by heavy artillery. The assistance rendered by the French in this bombardment was most valuable."

"At 12:20 o'clock the field artillery opened fire to cut the wire in front of the Turkish trenches. This was effectively done, and its effects on one of the enemy's trenches near the sea was great. The very accurate fire of the cruiser Talbot and the destroyers Scorpion and Wolverine succeeded in keeping down his artillery fire from that quarter."

"At 10:45 a.m. a small Turkish advanced force in Saghir Ders, known as the 'Boomerang Redoubt,' was assaulted. This little fort, which was very strongly situated and protected by extra strong wire entanglements, had long been a source of trouble. After a special bombardment by a French mortar, and while the bombardment of the surrounding trenches was at its height, a part of the border regiment leaped from their trenches, raced across and took the work."

"The artillery bombardment increased in intensity until 11 a.m. when the range was lengthened. An

SLAVS BEGIN RETREAT
FROM VISTULA RIVER.Berlin Reports Advance of Enemy in the "Labyrinth"
North of Ecurie was Repulsed—Austrians Beat Back
Enemy in Rear-guard Actions—Reprisal for Serbian
Attack Near Sabar is Made.

[BY ATLANTIC CABLE AND A. P.]

BERLIN, June 30 (via London).—The Russians have begun a retreat from the Vistula River and the district of Zamość, southeast of Lublin, in Russian Poland, according to the official statement, issued today by the German army headquarters staff. The text of the statement follows:

"In the western theater: There were no enemy operations of great importance yesterday in the neighborhood of Arras."

"An advance made by the enemy in the 'Labyrinth' north of Ecurie was repulsed."

"In the Meuse hills, west of Les Boveries, the enemy has been vainly attempting since the evening of June 28 to recapture the positions which we had taken. Yesterday they undertook four fierce attacks, all of which were repulsed with heavy losses."

"In the eastern theater: There is nothing to report."

"In the southern theater: Our attacks on the Onila Lipax are progressing."

"East and northeast of Lemberg the situation is unchanged."

"Between the Bug and Vistula rivers the German and Austro-Hungarian troops have reached the districts of Belz, Komarów and Zamość, and the northern border of the forest plantations in the Tanen section. Also on a line formed by the banks of the Vistula and in the district of Zamość, to the east of Zamość, the enemy has commenced a retreat."

"An enemy aeroplane was forced to descend behind our lines. The occupants of the machine were made prisoners."

VIENNA REPORT.

VIENNA, June 30 (via London).—The following Austrian official statement concerning the progress of hostilities was issued here tonight:

"In East Galicia, on the Galla River and on the Bug River below Kamienka, Strumilowa, fighting is proceeding successfully for us. Between the Bug and the Vistula rivers the enemy is further retreating. Rear guards covering his retreat were everywhere attacked and driven back."

"Our troops crossed the Tarnopol and occupied a border height near Tarnopol and Zaklikow, north-east of Tarnopol. The Austro-Hungarian successes east of the Vistula forced the Russians to evacuate positions on the west bank of the Vistula, and the enemy has been retreating since last night towards the Vistula from stone positions on the west bank."

north in the summer than in the winter. It was pointed out tonight that the ordinary Mercator chart does not clearly show the nearness of the steamer lanes to the Maine coast and that this fact can only be fully appreciated by studying a globe and drawing great circles of sailing routes from New York and Boston to England and the channel.

SMITH'S REMEDY
AGAINST EMBARGO.SUGGESTS WE STOP SHIPMENT
OF WAR MUNITIONS TO
THE ALLIES.

ATLANTA (Ga.), June 30.—Senator Hoke Smith, addressing the Georgia Legislature today, declared that if Great Britain understood an embargo would be placed on shipments of war munitions unless she respected the rights of American citizens to ship to neutral ports, British interference with the free legal commerce over the ocean would cease.

Senator Smith predicted that unless order was restored in Mexico by the end of the European war, the United States might be compelled to face a European army sent to Mexico to handle the situation.

WAR ORDERS
AT STEEL MILLS.

PITTSBURGH, June 30.—Steel mills in the Pittsburgh district have received within the last few days, orders for projectile steel which aggregate 75,000 tons. Early in the year steel of this grade was offered at \$11 a ton, but latest sales are said to have been made at \$13.

The plate mills in the district also are receiving foreign orders for quick delivery, enough having been booked, it is said, to keep in operation the remainder of the year.

on Sinking of Liner.

Records Show Cargo Consisted
of Mules for British.Full Information Awaited by
the State Department.

[BY A. P. NIGHT WIRE.]

CORNISH (N. H.), June 30.—President Wilson was informed tonight of the sinking of the Dominion liner *Armenian* by a German submarine and of the fact that a number of Americans were reported lost. It was said that he would wait for full official information before deciding what course to pursue, but that a thorough investigation would be conducted.

The President displayed deep interest, but refused to make any official comment. He has been told that a favorable reply from Germany to the latest American note protesting against the submarine warfare was probable, and therefore the word of the sinking of the *Armenian* was received here with surprise.

The President adopted the same attitude he maintained after the sinking of the *Lusitania* and the attack on the *Guilford* and *Nebraskan* and other ships carrying Americans—that of reserving judgment until all available information is obtained.

It was said at his residence that he had not changed his plan of remaining here over July 4, because of the news about the *Armenian*, but that no prediction could be made as to what he would do after full official information had been received.

MULES IN THE CARGO.

PHILADELPHIA, June 30.—Shipments of cargo to the United States are reported to be increasing rapidly. The cargo in the *Armenian* consisted of mules, shipped by Furness, Withy & Co. of England.

Records here also show that the *Armenian* before the war was plying between Boston and Liverpool. After war was declared the vessel was laid up for a while. In February, 1914, she was at Newport News. Since then she had made one trip to Liverpool and was expected to return soon.

WAS BRITISH STEAMSHIP.

NEW YORK, June 30.—The *Armenian* sailed from Newport News for Avonmouth on June 17, in charge of Capt. Trickey. The vessel was of 3223 tons gross register; 512 feet long and had a beam of 48 feet and a depth of 35 feet. She was built in 1905 at Belfast. The Dominion line is a subsidiary of the International Mercantile Marine company, a British steamship line.

NEW YORK BUREAU OF THE TIMES.

NEW YORK TRIBUNE.—With the messenger information now at hand it is impossible to tell how nearly classifiable with the *Falaba* and *Lusitania* cases is the sinking by a German submarine of the steamship *Armenian*.

The case may or may not dangerously aggravate our present diplomatic dispute with Germany. But it emphasizes the necessity of obtaining direct and conclusive assurances from Germany, respecting the rights of Americans passing through the "war zone" on merchant ships flying the flag of Germany's enemies. The senior or obtain such assurances the better. And the simpler the preparation we make to defend our rights, if they are trampled upon, the more impregnable and self-respecting our position as a neutral will be.

NEW YORK HERALD.—There is a very strong suspicion in this country that Germany's diplomats are trifling with the United States.

NEW YORK WORLD.—The World says in the absence of full information, the sinking of the steamship *Armenian* by a German submarine would seem to raise no new difficulties as to the right of a neutral to send its citizens to war zones. The case of a vessel clearly carrying contraband of war does not rest on the same footing as that of a great passenger ship like the *Lusitania*.

Although American lives were lost in both instances as the result of hostile attack, the circumstances differ so widely as to require separate consideration of the two incidents. It remains to be explained, however, whether the German submarine commander had actual knowledge of the character of the ship and cargo that he destroyed, or whether he sank it without warning or exercising the duty of visit and search.

NEW YORK TIMES.—If the commander of the submarine U-33 acted under orders and with the authority of his government we could view the deed in no other light than as a defiance of the United States and as a notice in advance that Germany was resolved to pay no heed to our repeated protests—plain notice that the dispatch of further notes upon the subject would be futile and that the time had come for a consideration of other measures.

We have the firmest confidence that no such construction is to be placed upon the latest act of Germany's submarine warfare. But whatever may be the explanation we believe the destruction of the *Armenian* will be disclaimed with expressions of condemnation and regret that will be in harmony with the friendly terms which we

(Continued from First Page.)

seed in the German operations in the naval war zone has been lengthened.

WHAT DOES IT MEAN?

"What does it mean?" was the question which officials have been asking each other ever since the receipt of Consul Armstrong's message and which none of them has been able to answer in the light of the meager information at hand.

Before the administration can determine whether the killing of the *Armenian* white and colored attention actually complicates the question at issue between the United States and Germany it will be necessary to establish the exact status of the steamer *Armenian*.

The ship had been chartered by the British government as a military supply vessel and thereby obtained the status of a warship, the killing of which would be the destruction of the craft will not come within the scope of the pending demands that Germany accord immunity to non-combatants aboard unresisting private merchant vessels.

If the *Armenian* was a military supply ship it was a public vessel and subject to attack as a vessel of war with no obligation resting upon the enemy to accord immunity to any persons aboard.

However, the *Armenian* did not resist the submarine the killing of the Americans may be found to belong to the category of offenses against which President Wilson has complained in no uncertain terms in two notes addressed to Berlin.

If this should prove to be the case the gravity of the situation involving the differences between the two nations would be increased.

TO CLEAR UP STATUS.

In order to clear the status of the vessel the State Department asked Consul Armstrong to cable at once information concerning the *Armenian* was under charter to the British government, whether it was in charge of British naval or army or other military forces.

The *Armenian* was a British ship, it related capture by the submarine and whether any attempt was made to visit and search the craft for contraband or to transfer the crew to a place of safety before the destruction of the steamer took place.

Whether the German will consent that a cargo ship even in unresisting service to the British government could be classed as a war vessel unless it was in charge of officers of the British army or navy.

The rules adopted by the conference at the United States Naval College in 1913 prescribed that a merchant ship was to be treated as a warship unless it was under the control of the government, is commanded by an officer of the navy, and carries a crew subject to military discipline and bears the marks distinguishing it as a warship.

The billigerent is required to list the converted merchantmen as a warship for the information of other nations.

Information received from Newport News is that the *Armenian* was not classed as a military supply vessel, transport, or warship, but as a private merchantman.

The United States customs officers are specially instructed to prevent vessels from clearing as private merchantmen.

OREGON CARGO LOST.

Several Steamers and a Bark Sent to the
Bottom in German Undersea War.Norwegian Vessel Which Left Pacific Coast for London
February 9 Destroyed but Crew is Saved—Norwegian Steamer Gjeso and British Steamer Scottish Monarch also go Down but Nobody is Drowned.

[BY ATLANTIC CABLE AND A. P.]

LONDON, June 30.—The Norwegian ship *Cambus-kenneth*, which sailed from Portland, Or., February 9 for Liverpool or Manchester, was sunk today by the German submarine U-33. Thirteen members of the crew were landed. Eight other sailors, being German subjects, were taken aboard the submarine.

The Norwegian steamer *Gjeso* of 1074 tons gross also was sunk by a German submarine today.

The crew was landed at North Shields. The vessel was sent to the bottom by a torpedo.

The *Cambus-kenneth* was twenty miles south of Galley Head on the Cork coast when the submarine signaled her to halt. Then it was ascertained that there were a number of Germans among the ship's crew, and these men had the novel experience of being rowed to the submarine and later disappearing under the sea with her, while their mates were left floating in the ship's boats. The latter were landed at Galley Head this morning.

Those German members of the crew taken aboard the submarine probably will have to join the colors if they are of military age.

The *Cambus-kenneth* was sunk by a torpedo.

The Norwegian steamer *Gjeso* was built at Trenchmouth in 1912. She was 224 feet long, 44 feet beam and 15 feet deep. The ship's cargo was a three-masted of 1935 gross tonnage and was built in Glasgow in 1913.

CARRIED WHEAT CARGO.

PORTLAND (Or.), June 30.—The Norwegian ship *Cambus-kenneth*, in command of Capt. Thor Solle, was under charter to Kerr, Gilford and Company of Portland, and carried a cargo of 110,588 bushels of wheat, valued at \$11,150. Her cargo had been sold to English brokers before she passed across the Columbia River bar on February 12 bound for Queenstown for orders. Part of her crew was landed from Portland.

TORPEDOED BY SUBMARINE.

LONDON, June 30.—The British steamer *Scottish Monarch*, bound from New York for Manchester with a cargo of sugar, was torpedoed and sunk yesterday by a German submarine. The ship's crew of thirty-six men took to the lifeboats. The captain and nineteen men were picked up near the Hook Point lightship, not far from Dunmore, Ireland, and were landed at Dunmore. Heavy seas were running at the time.

THURSDAY MORNING.

DANIELS'S PLANS ARE AMBITIOUS.

To Push Armor-plate Project Before Next Congress.

Secretary Seeks Way to Stop Naval Resignations.

Offers from Private Plants Injuring Both Services.

WASHINGTON BUREAU OF THE TIMES, June 30.—In a statement Secretary Daniels today made plain his intention to push at the next session of Congress a program for the government manufacture of armor plate and the construction at government yards of battleships and other vessels required by the navy.

Incidentally, Secretary Daniels is making for the solution of another problem which has been accentuated by the European war. He is confronted with the resignations of a number of naval constructors who desire to accept flattering offers from private plants interested in shipbuilding and the manufacture of naval equipment and material.

Mr. Daniels refused today to make public the names of the constructors, but he has held up the resignations as the time being, because he wants to learn the opinion of the Attorney General on the question whether officers have the right to resign in time of peace. This opinion, though requested by the Secretary of War, will not be given until the next session of Congress.

Mr. Daniels believes naval officers do not have the right to resign, and that it is a matter of discretion with the President. He told the naval constructors who asked to quit that they might not wish to resign, in view of the high training given them by the government with reference to the plan for increasing the shipbuilding and armor plate manufacturing facilities of the government. Mr. Daniels said: "Of course we never expect to manufacture armor plate for the navy, but we probably will always buy a certain amount of supplies needed, but it is my hope that the navy will be able to make in part all of the supplies it uses."

"By manufacturing our own supplies we are not only largely independent of private manufacturers, avoid being held up in prices, but also develop the incentive of private manufacturers' interest to bring pressure on Congress for large appropriations in the interest of the private profit."

GREGORY STARTS INQUIRY. (BY A. F. DAY WIRE.)—WASHINGTON, June 30.—Attorney General Gregory today started an inquiry into the resignation of Lieut. Col. O. C. Horsey, formerly ordnance officer commanding the Arsenal at Dover, N. J., whose resignation to take a position with the Dupont Powder Company was accepted by Mr. Garrison to ask for an opinion as to an officer's right to resign in time of peace.

Mr. Garrison will decide the feasibility of accepting resignations of ordnance officers. Development of private plants in time of peace, he pointed out, would materially strengthen the armaments of the army.

Mr. William A. Phillips, the other officer whose case is pending, tendered his resignation after Atty.-Gen. Gregory's opinion had been sought by the Secretary of War. Mr. Phillips is on duty at Sandy Hook proving grounds.

Secretary Daniels hitherto has taken the view that the government which maintains its naval officers is entitled to their services for life except in unusual circumstances. Development of private plants in time of peace, he pointed out, would materially strengthen the armaments of the army.

On the other hand he is not blind to the fact that naval construction in commercial life may still be a national asset inasmuch as their service in civil establishments are indirectly at the disposal of the government.

BOND PURCHASE ORDER. Federal Reserve Board Ruling Affects Securities to be Bought Next Year.

WASHINGTON, June 30.—The Federal Reserve Board decided today that reserve banks which have bought government 2 per cent. bonds previous to December 31, 1915, must count them as part of the \$25,000,000 which the Federal Reserve Act provides they may be requested to purchase each year. About \$750,000,000 of the 2 per cent. are held by national banks and are not subject to the bank law provision for their retirement at the rate of \$25,000,000 a year. The purpose of today's decision was to have the banks begin purchase of bonds next year.

WASHINGTON, June 30.—The Aldrich-Vreeland emergency currency law, under which nearly \$400,000,000 was put into circulation during the first days of stress of the European war, dies at midnight by its own limitations. It was intended to expire last year, but had been extended by the new Federal reserve law. Practically all the currency issued has now been retired. The expansion and contraction of currency hereafter will be taken up in the Federal reserve system by issues of notes at the regional banks issued on commercial paper.

WASHINGTON, June 30.—General optimistic reports on the nation's mineral industries showing they are prosperous and enjoying a revival of active development, were made today to Secretary Lane in the Geological Survey's midyear review of mining conditions.

This general mining advance has been stimulated by the United States being thrown upon its own resources for mineral products, the enormous orders for war supplies from belligerent European countries, and comparative freedom from foreign competition. Iron ore shipments from the Lake Superior show a 10 per cent. increase over a year ago, and the pig iron output is increasing monthly, while enlargement and extension at iron and steel plants furnish unmistakable evidence of returning business confidence, the report says.

General improvement in the copper industry has been notable. Prices, output and wages have shown an upward trend. Production of petroleum is believed to exceed that of last year's period.

Rate Hearing Delayed. (BY A. F. DAY WIRE.)—WASHINGTON, June 30.—The Interstate Commerce Commission today postponed until September 20 the hearing on proposed increases in freight rates in western territory. The hearings were to have been begun July 19 in Chicago.

THE WEATHER BACK EAST. Seasonable Temperatures Prevail with Light Rains in a Few of the Central States.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) CHICAGO BUREAU OF THE TIMES, June 30.—Seasonable temperatures prevailed all over the country today. The maximum in Chicago was 79 deg., with a minimum of 58 deg. A rain fell about noon, and after that the temperature started to rise. Grand Rapids, with 89 deg., was the hottest spot in the Central States, 3 deg. warmer than Galveston, Tex. Other temperatures:

DE LUXE EXCURSION TO THE EXPOSITION.

THE de luxe excursion to San Francisco and the Panama-Pacific Exposition under the auspices of The Times management, will leave Los Angeles, Thursday evening, July 8, returning to the city Wednesday, July 14.

The Times has made arrangements with the Southern Pacific Railroad Company to run a special Pullman train consisting of Pullman sleepers, baggage car, combination buffet and observation car and dining car which will take the excursionists over the Coast route to the Bay City.

On arrival at San Francisco the members of the party will embark in an auto-bus and proceed direct to the exposition grounds to take up their accommodations at the Inside Inn, a large, modern and splendidly equipped hotel, which is situated within the fair grounds.

At the exposition, the excursionists may suit their own pleasure in visiting the many beautiful exhibits.

The price of the ticket for the entire trip—which includes railroad fare to San Francisco and return, berths and meals on the train, transfer in San Francisco, accommodations and all first-class meals during the stop at the fair grounds and admission to the fair grounds each day—is \$42.50.

More than half the party to go on the excursion is complete; therefore, anyone who desires to take this carefully-planned tour should write, or call, at once for reservations at the Excursion Department of The Times, corner First and Broadway.

LOS ANGELES, June 30.—The Aldrich-Vreeland emergency currency law, under which nearly \$400,000,000 was put into circulation during the first days of stress of the European war, dies at midnight by its own limitations. RETIREMENT OF MILLIONS.

Emergency Currency Issued at Beginning of War Is Unnecessary.

(BY A. F. DAY WIRE.) WASHINGTON, June 30.—The Aldrich-Vreeland emergency currency law, under which nearly \$400,000,000 was put into circulation during the first days of stress of the European war, dies at midnight by its own limitations. It was intended to expire last year, but had been extended by the new Federal reserve law. Practically all the currency issued has now been retired. The expansion and contraction of currency hereafter will be taken up in the Federal reserve system by issues of notes at the regional banks issued on commercial paper.

WASHINGTON, June 30.—General optimistic reports on the nation's mineral industries showing they are prosperous and enjoying a revival of active development, were made today to Secretary Lane in the Geological Survey's midyear review of mining conditions.

This general mining advance has been stimulated by the United States being thrown upon its own resources for mineral products, the enormous orders for war supplies from belligerent European countries, and comparative freedom from foreign competition. Iron ore shipments from the Lake Superior show a 10 per cent. increase over a year ago, and the pig iron output is increasing monthly, while enlargement and extension at iron and steel plants furnish unmistakable evidence of returning business confidence, the report says.

General improvement in the copper industry has been notable. Prices, output and wages have shown an upward trend. Production of petroleum is believed to exceed that of last year's period.

Rate Hearing Delayed. (BY A. F. DAY WIRE.)—WASHINGTON, June 30.—The Interstate Commerce Commission today postponed until September 20 the hearing on proposed increases in freight rates in western territory. The hearings were to have been begun July 19 in Chicago.

THE WEATHER BACK EAST. Seasonable Temperatures Prevail with Light Rains in a Few of the Central States.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) CHICAGO BUREAU OF THE TIMES, June 30.—Seasonable temperatures prevailed all over the country today. The maximum in Chicago was 79 deg., with a minimum of 58 deg. A rain fell about noon, and after that the temperature started to rise. Grand Rapids, with 89 deg., was the hottest spot in the Central States, 3 deg. warmer than Galveston, Tex. Other temperatures:

SAN FRANCISCO, June 30.—Brooklyn Day was observed at the Panama-Pacific Exposition today. Several hundred citizens of Brooklyn, N. Y., were here. George Featherstone, New York commissioner, presided.

HEAVY EXPORTS FROM PORTLAND

SIXTY-ONE PER CENT. INCREASE OVER THOSE OF LAST YEAR

(BY A. P. NIGHT WIRE.)

PORTLAND (Or.) June 30.—For the fiscal year ending today the quantity and value of exports set aside from Portland is the greatest in the history of the port. An increase of 61.4 per cent. over the year of 1914, which heretofore held the record, is shown. The total value of exports for the year just ended amounted to \$27,684,520.

The greatest increase was in shipments abroad, which totaled nearly \$20,000,000, as against \$12,933,161 last year. Over 5,000 more barrels of cement were shipped to foreign countries than last year.

INSTRUCTORS OF BLIND.

National Convention in Session at Berkeley Elects Officers for the Next Two Years.

(BY A. P. NIGHT WIRE.)

BERKELEY, June 29.—Officers for the ensuing two years were elected this morning at a brief session of the Association of Instructors of the Blind. O. H. Burritt, Brookline, Pa., was elected president; Frank M. Driggs, Ogden, Utah, vice-president; O. T. Moore, Oregon, secretary; John A. Bledsoe, Maryland, treasurer. The Executive Committee was chosen as follows: C. A. Hamilton, S. Bauch, L. E. Milligan, S. M. Green, R. Manning and Miss Rose Turner.

Edward E. Allen, past president, was named to represent the society at the committee sessions of the National Association for the Prevention of Blindness.

WOMAN AS A VAGRANT.

Wife of Man at San Jose Brought Before Court After Being Found in Company of Musicians.

(BY A. P. NIGHT WIRE.)

SAN JOSE, June 30.—Mrs. Louise Flynn, aged 20, wife of Daniel Flynn of Hedding street, was sentenced by Police Judge Donoherty today to sixty days in the County Jail for vagrancy. John Flynn, who was arrested in company with Mrs. Flynn, was disposed of later. Daniel Flynn caused the arrest of his wife and of Egan at a lodging house. Egan said he was a musician and that he arrived in San Jose just a short time ago from New York.

TEST FOR CHAUFFEURS.

Fifty Who Will Drive Jinxes in Seattle Are Given City Examination for Qualifications.

(BY A. P. NIGHT WIRE.)

SEATTLE (Wash.) June 30.—Fifty chauffeurs are taking the city examination required by ordinance to qualify them to drive auto buses on the street service to be established by the Puget Sound Traction, Light & Power Company. The company has cars ready and forty others are ordered.

HOUSTON COMING TO FAIR.

(BY A. P. NIGHT WIRE.)

PHOENIX, June 30.—Gov. George W. P. Hunt, according to an announcement today, will visit the position at San Francisco about the middle of July. He intends also to make the exposition at San Diego.

The Pacific Slope.

SAYS AMERICANS WERE ENLISTED.

Dist. Atty. Preston Makes New Recruiting Charge.

Now Seeks Source of Money Paid to Applicants.

British Consul in New York Denies Accusations.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, June 30.—At least three citizens of the United States have been recruited and sent from here for military service in the British army by alleged recruiting agents of the British government, according to a statement made tonight by John W. Preston, United States District Attorney. It was learned today that Frank C. Cook, one of the men who was returned under arrest from New York as a recruit to testify before the Federal grand jury, is a former United States soldier. He had previously maintained that he was a British subject.

Frank Staples, another returned recruit who deserted the United States army here, is also an American. The third American citizen recruited is said to be Frank Zama, who, it is said, will be subpoenaed from New York.

More witnesses will be examined tomorrow by the grand jury investigating the charges of British recruiting here.

CHECKS ARE TRACED.

Investigation of the source of more than \$100,000 alleged to have been spent here in enlisting and transporting recruits resulted today, an investigator said, in obtaining possession of two checks on the part payment of the expenses of the recruits. The checks have been signed by Ralph K. Blair, at whose printing office headquarters were alleged to have been maintained. Further testimony will be given today, it was said, by members of the recruiting party of nine arrested in New York by Federal authorities while on their way from San Diego to join the British army.

Lieut. Kenneth Croft, British reservist mentioned in connection with the case here, appeared today at Mr. Preston's office.

It was said that Mr. Preston would ask Thomas Cook and Son, the tourist agency involved, for whatever records they might have bearing on the case, but that their supposed contract to transport recruits did not involve the company in any prosecution that might follow. Representatives of the tourist company here declined to comment.

BRITISH CONSUL'S DENIAL.

(BY A. P. NIGHT WIRE.)

NEW YORK, June 30.—The British consulate General here disclaimed today any knowledge of the recruiting activities having been made to United States soldiers and sailors to desert the American service for the British army and navy as charged by a Federal record in San Francisco, who has been investigating recruiting activities in California. "The first question we ask an applicant is whether he is an American citizen," said a representative of the British consulate General today. "If he is an American citizen, his services are not accepted."

The captain "Roche" or "Roach" referred to by witnesses in San Francisco, it was said, in Chicago was one of the secretaries at the consulate. Mr. Roche is not an officer at the consulate. He usually attends to the applications of British subjects who want to go home to fight it was said, but has accepted no Americans. The medical examination, given only to applicants declaring themselves British subjects, was merely precautionary, it was said, and to insure their acceptance upon reaching England.

All applicants for war service, it was said, had been sent abroad as individuals and were not enlisted until reaching the other side.

HOMEOPATHY IS LAUD

Dr. Copeland Declares Saves the Most Lives

Says Mortality Rate is less than any Other School

Dr. Mills Thinks Radiology Solves Mystery of Life

(BY A. P. NIGHT WIRE.)

CHICAGO, June 29.—Dr. H. Copeland of New York, chairman of the bureau of homeopathy of the American Institute of Homeopathy, declared today that the mortality rate of homeopathic practice is far less than that of any other school of medicine.

"We believe that homeopathic medicine, lessens human suffering and prolongs life," he said. "It is a fact that it should be to society. It is positively of neglect the promulgation of knowledge that will materially benefit the human race."

Dr. Copeland estimated that seven million Americans are afflicted by homeopathic diseases, he said, equal to the percentage of any of the leading denominations. He added:

"If homeopathy were as well organized as one of these bodies would move forward irresistibly. His wife's report from the bureau of homeopathy showed that the mortality rate of homeopathic practice is far less than that of any other school of medicine."

XXXIVTH YEAR.

One Day.

OVER MILLION DOLLARS
IN REAL ESTATE DEALS.Santa Monica Mansion Exchanged for
Los Angeles Apartments.

More than Seven Hundred Feet of Ocean Frontage in City of Palisades Purchased by New York Investor and Great Amusement Resort and also a Hotel Projected South of Municipal Pier.

REAL estate transactions involving more than \$1,000,000 worth of property in Los Angeles and Santa Monica, and representing the preliminary steps in improvement projects to cost several hundred thousand more, were closed yesterday. The announcements mark the continuation of a notable realty activity that started two weeks ago and constitute an auspicious beginning of what promises to be the third successive week of big deals. Several important transfers of considerable magnitude are now shaping and may be consummated at any moment, according to interested local brokers.

The largest deal in the list of those just concluded was the exchange of the Ivins apartments at the northeast corner of Tenth and Figueroa streets, this city, for the famous old Senator Jones holding, "Miramar," on the Santa Monica Palisades. J. C. H. Ivins was owner of the former property and King C. Gillette, the safety-razor magnate, of the latter. For the Los Angeles building Mr. Gillette is reported to have given in addition to the Santa Monica property a large amount in cash, the total consideration on each side being given at \$300,000.

FIRST OF ITS CLASS.
The Ivins is a six-story apartment hotel containing 200 rooms and was the first large structure of its class erected in Los Angeles. It occupies a frontage of 130 feet on Figueroa and of 110 feet on Tenth, the ground having been in Mr. Ivins' family for twenty-five years. The building is of brick and handsome finished throughout. It has a bath to every room, a fine lobby, large dining-room and roof garden. Mr. Gillette acquires the furniture and furnishings with the premises.

FIVE THOUSAND DOLLARS
WASTED UPON LAPIQUE.

FIVE thousand dollars' worth of time was given yesterday by more than 200 prominent persons to enable them to appear in the Police Court as witnesses for the prosecution of John Lapique, a prisoner in the County Jail, on a charge of libel brought by Mrs. Kate Agoure. The \$5000 worth of time wasn't needed, however, for the progress of the case was such that the testimony of the Superior Court judges, county officials and scores of prominent doctors and attorneys and business men could not be introduced. Today they will appear again.

Mr. Lapique, who appears in the case as his own attorney, and who is in the custody of a deputy sheriff, as he is now serving a 30-day sentence in the County Jail as punishment for contempt of court, vigorously objected to almost every advance in the proceedings, and sat at a table so burdened with documents that a janitor, at the close of the session, thought them refuse and started to cart them away in a garbage can, getting to the door with several dozen before he could be stopped.

The mass of reference documents on the table was but a part of the documentary support Mr. Lapique will

The Jones homestead was started in 1888 by the late Senator John P. Jones, "father of Santa Monica," being added to from time to time until it assumed its present proportions in 1900. The house and its grounds are ranked among the residence show places of Southern California.

Mr. Gillette purchased the property about three years ago, just prior to the former Nevada solon's death. The site comprises an entire city square, being bounded by Ocean, California and Nevada avenues and Second street. It is 600x400 feet in area, the larger dimension representing the Ocean avenue frontage. Senator Jones in laying out the town of Santa Monica, in 1876, reserved the square exclusively for his own use and later expended a fortune in building a magnificent home and in laying out the grounds.

HAS AN ELEVATOR.
The house, which contains thirty rooms, was completely remodeled inside by Mr. Gillette, who is understood to have expended over \$50,000 in its present sumptuous finishing and in additional landscape and garden features. A unique feature of the place is a passenger elevator running from basement to attic.

FATHER LOSES IN SIXTH
FIGHT FOR LITTLE GIRL.

JUDGE CABANISS yesterday gave a name to the love a woman bears for another woman's child. It is a reflex affection, he said, and it does not flow as strongly from the heart of a stepmother as it does from a mother. He coined this phrase in the sixth attempt of Jesse Bell of No. 808 East Twenty-ninth street to recover possession of his daughter, Eileen Bell, twenty-nine old, from Mr. and Mrs. Hugh L. Krauss of Long Beach. His fight is supported by his second wife. As in the previous attempts, Mr. Bell failed. The court denied his application for a writ of habeas corpus and remanded the custody of Eileen to Mr. and Mrs. Krauss.

Calling the bright-faced little girl to a seat on the bench, Judge Cabaniss asked her:

"Do you want to go to your father?"

Mr. Bell listened for the reply with his soul in his eyes. If she said yes he would clasp her to his heart. If she said no, it meant another legal battle. It was no, and Mr. Bell sank back wearily in his chair.

"No, I want to stay with 'Mama' Krauss," replied Eileen. "My father was bad to my mother."

commented the court. It sounded like something that had been talked over before Eileen. So far as parental affection is concerned, the girl is a perfect little mother. She took her when she was an infant and tenderly reared her. Kodak pictures they brought into court shows the little girl in many phases of growth and happiness at the Long Beach home.

But the pictures were not necessary. Eileen spoke for herself. She breathed content and happiness. She carried a bright gleam at her foster parents, and when they left the courtroom she danced along with them without one backward look at her father and mother's pictures.

The Bells will now go to the Appellate Court for a writ of habeas corpus. He says he loves his child, would have set the verdict aside.

Kodak's Evidence that Eileen is Happy.

Eileen Bell with her cat and dolls. On the lawn of the Long Beach home of her adopted parents. This picture was introduced in evidence yesterday to show that the little girl for whose possession her father has waged many legal battles would be better left with her foster-parents.

FATHER LOSES IN SIXTH
FIGHT FOR LITTLE GIRL.

JUDGE CABANISS yesterday gave a name to the love a woman bears for another woman's child. It is a reflex affection, he said, and it does not flow as strongly from the heart of a stepmother as it does from a mother. He coined this phrase in the sixth attempt of Jesse Bell of No. 808 East Twenty-ninth street to recover possession of his daughter, Eileen Bell, twenty-nine old, from Mr. and Mrs. Hugh L. Krauss of Long Beach. His fight is supported by his second wife. As in the previous attempts, Mr. Bell failed. The court denied his application for a writ of habeas corpus and remanded the custody of Eileen to Mr. and Mrs. Krauss.

TRAIN ELKS FOR
HARD OLD GRIND.

SO IT WOULD APPEAR FROM PREPARATIONS; ONLY AN APPETIZER.

Delegates will walk from the station to the hotels when they come to the great Elk convocation next month. It will be the first time in years. The local committee in charge of reception is not suggesting that the delegates be transported facilities. Oh, never!

It is merely being done with the idea of providing suitable exercise and limbering up for the parade and drills that are to follow. The Elks are known for their marching capabilities, and will have an opportunity of demonstrating these immediately and under the trying circumstances of not having visited the barber shops or the bath-rooms for rejuvenation after long rides across country.

The ladies will be put in automobiles and carried to their hotel destinations. Also the baggage, it having been decided that the visitors are not training for actual army service entailing the carrying of heavy weights. Yesterday the subcommittee of the local Reception Committee were named by Leo Youngworth, chairman, and the assistant chairman, George Cline. Southern Pacific chairman is Louis Tappiner; Santa Fe, Max French, and Salt Lake, Edward Butterworth. Each chairman will have fifty lieutenants and all committees will be assisted by the White Squadron under Harry Brown.

PLANNING PICNIC.

Retail Grocers Select Place and Date—To Discuss the Affair at Smoker Tonight.

Plans for their annual picnic are being made by the Southern California Retail Grocers' Association. Ocean Park having been selected and the date set for August 5.

A smoker is to be held this evening at No. 636 South Hill street for the members and food manufacturers of the city, when the plans for the picnic will be discussed and approved.

Many new features are to be added this year. Last year an automobile was given away in a guessing contest, and a large number of prizes were awarded in other events. These are to be repeated this year, and additional features included.

FOR EXALTING
DEMAGOGUERY.Gov. Hanna Condemns Non-
partisan Scheme."Would Set the Nation Back
by Many Years."North Dakota Statesman to
Local Republicans.

"When a man dies, his principles die with him, or, if they have been of great moment, they live for a few months or years, and are then obliterated in the rapid march of time," said Gov. L. B. Hanna yesterday, strongly condemning the Johnsonian nonpartisan scheme which it is proposed to load upon California voters.

"Man would be his own party, create his own politics and if powerful enough in his demagoguery, leave his imprint for a few years on the troika of the nation. Party stands for lines cast in a certain mold sufficiently weighty in structure to bear the burden of generations of development. It is the architectural plan necessary for safety in development of governmental advancement. Without parties, only a chaotic condition would result, similar to the one which has submerged French politics in the vortex of impossibilities during the past decade."

Gov. Hanna is not a rabid radical, a violent politician, but a man of deliberate and mature policies, one who studies thoroughly the vital problems of the day and discusses them dispassionately. His sincere earnestness at the luncheon tendered him by some of the old-line Republicans of Los Angeles at the Union League Club carried conviction.

"There would be no prohibition movement today, no anti-liquor laws were it not for the fact that, despite reverses, losses and general troubles, there has been a party organization. Today there is probably not a man here who could call to mind the name of the founder of the Prohibition party or of the early leaders of the party. On the other hand, the principles advocated stand out firm and forceful as ever.

"What is true of the Prohibitionists is much more true of the two great parties, Republican and Democratic. The nonpartisan scheme has boomed in North Dakota and eventually, when it is offered as an amendment to the State Constitution, it was moved under by a vote of four to one. In Minnesota, the legislators elected under this system have openly admitted that it is not a desirable one and are advocating return to party lines.

"The fact that a candidate admits his party affiliation is a guarantee of his public views and his platform on State or national politics. When party politics are abandoned, it will mean incompetency and more particularly incoherence in the management of the nation's business; will throw the high office open to only men of great means or to demagogues and will set back the progress of the country by many years."

Gov. Hanna graphically illustrated the evils of the present primary laws under which men nominate themselves for office. Democrats invade the Republican camps and individuals create their own little parties. He stated that in North Dakota the "Progressives" have practically alligned themselves again with the Republican party and that all wings of the organization were gathering into one strong group which will help to sweep the party back again into victory and the management of the nation, thereby guaranteeing a return to prosperity.

WOULD THROW A CITY
IN RECEIVER'S HANDS.Santa Monica Man Brings Suit Alleging that the
Municipality is Without Officials or Legal Govern-
ment Through Charter Flaw—"Politics," is the Reply.
To Appear in Superior Court this Morning.

AS THE result of a remarkable suit filed in the Superior Court yesterday by A. W. McPherson, asking that a receiver be appointed for the city of Santa Monica, the startling fact was disclosed that, according to Atty.-Gen. Webb, the metropolis of the Palisades is now and has been for the past six months without any legal form of government.

This embarrassing situation is caused by a flaw in the charter amendments drawn up last January by a board of freeholders appointed by Mayor Dudley. While providing for a commission form of government to take effect January 1, 1916, as required by the board of freeholders neglected to provide for the continuation in office of the present city officials, so that when the amendments were voted upon Mayor Dudley and all other city officials were immediately legislated out of office. This, however, was not discovered until a few days ago.

When City Attorney Tanner finally discovered the flaw, and the Attorney-General of the State had upheld Mr. Tanner's opinion, Mayor Dudley immediately applied to the Governor to name Commissioners who would hold office until a new Commission is elected next December. But the Governor is not at Sacramento just now. While the Mayor and other officials were waiting for some definite word, Mr. McPherson brought the action to have a receiver appointed. Immediately the atmosphere changed from one of doubt and indecision to one of activity and war. Mayor Dudley, City Attorney Tanner and the other officials lined up on one side yesterday, while Mr. McPherson and

CONSCIENCELESS
VANDAL'S WORK.MISCREANT THROWS NAILS INTO
GRAND PIANO DONATED FOR
MUSICAL FESTIVAL.

An assortment of four nails, two tacks, one hair pin and one piece of string on the desk of Frank J. Hart, president of the Southern California Music Company, look innocent enough in themselves, but back of them is the story of a dastardly trick. They were taken from the "innards" of a large, handsome and expensive concert grand Chickering piano, donated by the company and sent to Trinity Auditorium for use at the recital of the musical festival Tuesday evening.

When Claude Gotthelf went to Trinity at 6 o'clock for a rehearsal he found something the matter with the noble instrument. The usual melody was not there. An investigation disclosed the work of a vandal.

Mr. Hart and Fred E. Peterson, treasurer, and other officials of the company attribute the act to a hired agent. They have a clue to the identity of the vandal and are having it followed up diligently.

After the concert grand had been temporarily disabled it was necessary for the musicians to use a small Chickering, also given by the company, which was not adequate to the needs of the occasion.

CORONA SECURES
COVETED PRIZE.LEMON BY-PRODUCTS FACTORY
WILL LOCATE THERE.

Subsidiary Company of California Fruit Growers' Exchange Accepts Offer of Site and Building Extended by Centrally-located City. Means Much to Orchardists.

Corona was chosen as the location for the manufacturing plant of the Exchange By-Products Company, a co-operative concern, capitalized at \$100,000, composed of lemon growers affiliated with the California Fruit Growers' Exchange, at a special meeting of the directors in this city yesterday.

An offer of a site and building (Continued on Fifth Page.)

WOOLEN MILLS
TO OPEN TODAY.Long Beach Plant Only One
in California.All Materials, Men, Money
and Sales Local.Two Chambers of Commerce
in Charge of Programme.

Inaugurating what it is believed will be a new era of manufacturing for the Southland, the \$150,000 plant of the Golden State Woollen Mills Company will be placed in operation at Long Beach today, with officials of the seaside city and representatives of the Los Angeles and Long Beach Chambers of Commerce participating in simple opening ceremonies.

An adjustment of an enterprise to the products and climate of a specific locality has been obtained in this plant, according to C. B. Eyer, the president. The Southland produces much short staple wool of the texture; the Imperial Valley produces both short and long staple cotton of high quality, while the water at Long Beach is extra soft and the atmosphere just humid enough to do away with the necessity of using humidifiers in spinning and other processes.

IDEAL CONTINUES.
The shortness of the staple of our wool and the high quality of the cotton obtained from the Imperial Valley dictated the Golden State company's decision to confine the product to blankets, flannels and robes, as against worsteds, in which long staple wool is used. As for the softness of Long Beach's water and the humidity of the atmosphere, Mr. Eyer called attention yesterday to the fact that the Mayville woollen mills were forced

Alfred
Hertz

The distinguished
Conductor of
Horatio Parker's
\$10,000 Prize Opera,
"Fairland."
Clune's
Auditorium
Tonight;
Also
July 2nd and 3rd.

The American Opera Association was indeed fortunate to be able to secure the services of so eminent and able a conductor as Dr. Alfred Hertz, who has been associated with the Metropolitan Opera House, New York, for thirteen years, and is recognized as one of the world's greatest authorities on musical subjects. In commenting on the "Fairland" opera and the selection of the Chickering as the Official Piano by the American Opera Association, he made the following statement:

Southern California Music Co.,
Los Angeles, California.

Gentlemen:—
I am glad to note that the Chickering has been chosen as the official piano by the American Opera Association and the Local Biennial Board of the National Federation of Musical Clubs, because I know from experience that this noble instrument is worthy of the compliment.

Sincerely yours,

Alfred Hertz

We invite your inspection of our complete line of
Chickering Pianos

1914-15.
UNCLE SAM'S
FISCAL YEAR.Substantial Gain Shown Over
Figures for 1913-14.Internal Revenue Outweighs
Big Customs Loss.Postal Receipts Total Two
Millions and Quarter.

The fiscal year closed at the Federal Building last night, with its storm center at the office of Collector Carter of the Internal Revenue Department. Hundreds stood in line all day to pay taxes due under the income, special and emergency provisions of the national laws. When the office quit at midnight, it was estimated that not less than \$125,000 had been received on these accounts during the day and that the total collections for June will amount to \$350,000. This is an increase of about \$100,000 over the collections for the same month last year. There are still many delinquents to be reckoned with by Collector Carter and it will be necessary for them to pay the penalty, as the collector has no power to extend the taxpaying time or remit the penalties.

The total collections for the fiscal year amount to the grand total of \$2,445,389.87, as compared with \$1,895,832.24, an increase of \$549,557.63.

YEAR BY MONTHS.

The figures by months of the last fiscal year were as follows:

1914—	1915—
July.....	\$ 198,470.85
August.....	154,090.26
September.....	104,546.26
October.....	84,537.56
November.....	178,445.68
December.....	197,478.92
1915—	
January.....	146,691.72
February.....	154,384.16
March.....	192,246.18
April.....	128,585.98
May.....	228,867.38
June (estimated).....	308,060.98
Total.....	\$2,445,389.87

CUSTOMS FIGURES.

The figures furnished by Collector Elliott indicate the status of business during the first six months of the present year, closing the fiscal year. The collections for June are estimated at \$27,800 for the entire district, and of this amount \$23,000 was made in Los Angeles alone. The receipts for the same month last year were \$25,774.40, and for May, 1915, \$42,761.60. The imports for the month just closed were \$232,264 for the entire district, and \$148,779 for Los Angeles alone, as compared with \$211,222 for last month and \$226,386 for June, 1914, for the entire district.

The exports for June, 1915, were estimated at \$148,091 in the entire district, of which Los Angeles furnishes \$68,219, as compared with \$278,827 for last month and \$281,267 for June, 1914.

The collections for the year were as follows:

1914—	1915—
July.....	\$ 77,292.84
August.....	78,277.54
September.....	58,205.95
October.....	38,248.78
November.....	172,220.04
December.....	72,556.55
1915—	
January.....	37,111.95
February.....	48,322.36
March.....	47,154.70
April.....	32,530.97
May.....	42,471.60
June (estimated).....	57,000.00
Total.....	\$615,922.96

Comparison fiscal years 1913-14 and 1914-15: Collections, 1913-14, Los Angeles, \$789,095.78; district, \$897,419.34; 1914-15, Los Angeles, \$859,180.77; district, \$618,022.97. Exports, 1913-14, Los Angeles, \$3,174,032; district, \$4,908,543; 1914-15, Los Angeles, \$2,541,215; district, \$4,738,478. Exports, 1913-14, Los Angeles, \$970,031; district, \$1,972,100; 1914-15, Los Angeles, \$1,089,856; district, \$2,540,546.

POSTAL RECEIPTS.

The receipts of this postoffice, with those of June estimated, show a total of \$2,221,469.10 for the fiscal year, with the figures by months as follows:

1914—	1915—
July.....	\$ 170,382.87
August.....	154,090.26
September.....	104,546.26
October.....	84,537.56
November.....	174,782.32
December.....	197,478.92
1915—	
January.....	186,228.79
February.....	168,778.10
March.....	190,611.91
April.....	136,339.27
May.....	170,167.91
June (estimated).....	170,000.00
Total.....	\$2,221,469.10

SCHOOL PICTURES FREE.

Reels Portraying City Educational Life Will Be Used to Acquaint Public with Methods.

With the purpose of reaching every man, woman and child in Los Angeles, and especially the visiting delegates and tourists, the educational feature films, "Our Wonderful Schools," made by direction of the Board of Education for exhibition at the P.T.E., will be shown every afternoon at 2 o'clock and evening at 7:45 o'clock at the Walker Auditorium on Grand avenue near Seventh street, beginning tomorrow.

During the last week of school more than 2000 children saw themselves in film activity free of charge and the plan now is to reach 20,000 others, adults and children, who will enjoy the pictures.

The expenses of the summer assembly plan will be met by friendly subscriptions and contributions. The Board of Education being absolved from all financial obligations.

It is also planned to have the school films shown in the surrounding cities on Fridays and Sundays of every week after the middle of July. Special musical programs for all the traveling troupes are also to be offered free.

PISGAH HOME LOST.

P. E. Yeakum who, the government asserted, was seeking to secure a ten-acre piece of valuable land in the San Gabriel Canyon as the site for a summer home, alleging that it was mineral in character and calling it the Pisgah placer claim, will not get it. An opinion was received at the local Land Office yesterday affirming the judgment of former Register Bureau and Receiver Robinson, against the contention of Yeakum. It was claimed in the latter's behalf that gold existed in the land and that as late as twenty years ago valuable ore had been found there.

LABOR LAW VIOLATION?

Nob Hill Cut Contractor Arraigned For Working Men More Than Eight Hours Daily—Legal Problem.

On a charge of violating the State labor law, William F. Hewitt of the W. F. Hewitt Company, contractors on the Nob Hill cut, for the harbor boulevard, was arraigned yesterday before Justice Crawford at San Pedro and the hearing of the case set for 2:30 o'clock p. m. the 8th inst., at the University Police Court.

The case is one of legal intricacies. According to the complainant, Herbert A. Cable, special agent of the State Bureau of Labor Statistics, Mr. Hewitt violated the State labor law by employing men to work for more than eight hours a day on municipal work. A. S. Mason, attorney for Mr. Hewitt, contends that it is not a violation of the State law to work men more than eight hours daily on the Nob Hill cut, as the work is being done under the eminent domain act and the law excepts street construction.

The prosecution will contend that as the money for the work is being paid out of the harbor improvement bonds, the contract cannot be classed as street work.

TWO NOT YET CAUGHT.

Arrest of Another Alleged Member of the Lottery Ring Practically Closes up the Suspects.

H. J. Shobe, residing at No. 1803 Ninth avenue, indicted yesterday for violating the postal laws in the sale of lottery tickets, gave bond for his appearance in the sum of \$2500 yesterday before United States Judge C. J. Williams. It is alleged that Shobe was concerned in the sale of Louisiana Lottery tickets. He is a collector for the Leslie-Judge Company, with an office in the Higgins building.

The arrest of Shobe leaves but two of the lottery men at liberty, Luther Shobe, a brother of H. J. Shobe, and Louis Fitzpatrick, the latter supposed to be in San Francisco. H. J. Shobe will plead before Judge Eledson, who has charge of the lottery cases.

ON KILLING CHARGE.

Two Brothers Accused of Slaying Man Found Near Watts—Jealousy Over Woman Alleged.

Deputy Sheriff Modie and Anderson, on duty yesterday, arrested in the County Jail Aurelio Patino and his brother, Manuel Patino, charged with the killing of Sopranzo Leon, a Mexican who resides in the vicinity of Watts, who was found slain on the Compton road, south of that town, shot through the heart and the right breast.

Both of the prisoners deny having had anything to do with the shooting, but it is known that the men were taken to an undertaking establishment at Watts. Officers are looking for other Mexicans supposed to be involved in the trouble. There is a good deal of mystery about the affair, and only circumstantial evidence against the Patino brothers.

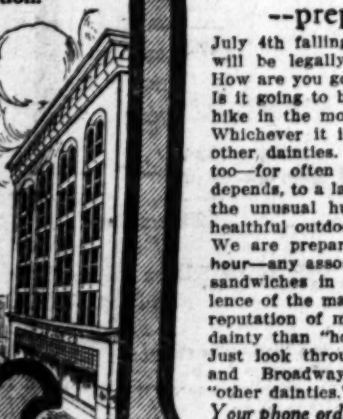

COSTLY FIVE DOLLARS.

T. F. Hewitt, who conducts a cigar store at No. 233 South Spring street, and Eugene Jacks, who works about the place, pleaded guilty in Judge Tripp's court yesterday to passing a counterfeit \$5 coin. They were fined \$100 each and given one day in the County Jail. It appeared that Hewitt had taken the coin in during the course of business at his place, and not caring to lose the money, made a trip with Jacks to Venice, where the latter succeeded in passing it at the Mecca Saloon. Hewitt paid his fine, but Jacks will be compelled to serve thirty days, when he can take advantage of a pauper affidavit.

OVER DIAMOND RING.

Judge Willis yesterday released Harry Harkey charged with the robbery of a diamond ring by Mrs. Grace Wyle of Hanford, on a writ of habeas corpus, deciding that the action should never have been brought in Hanford as the accused apparently had never been in Hanford, and could not have committed the crime there. The arrest of Harkey followed a disagreement over a loan of money to Mrs. Wyle, according to the statement made by Harkey. He claimed that he had pawned the ring to get money for the woman to go to Hanford, and that in Hanford she swore to a complaint against him.

There's a wealth of seasonal suggestions in our 6th and Broadway windows. Well worth your attention.

ADVANCES PLAN
OF PROTECTION.Enlist Big Army, Use Men to
Develop Country.Reclamation Worker Jovan
League Speaker.Would Increase the Private
Electrical Holdings.

A plan for a great American standing army was outlined yesterday by George H. Maxwell, executive director of the National Reclamation Association, in his brief address before the membership of the Jovian Electric League at luncheon at Christopher's.

He developed his theory in his talk in "Our National Defense and the Patriotism of Peace."

After extensive survey of what has been accomplished by the government in reclamation work during the past fifteen years as the direct result of the energy of a few enthusiastic men, among them the merchants of Los Angeles, who in 1897 fostered the first reclamation bill before Congress, he declared that the entrance of the government in the development of electrical enterprises should not be viewed with alarm or suspicion, but rather with welcome.

The individual electrical corporations and the government must work together for the satisfactory growth of this monumental industry, and the National Reclamation Association stands for the development of increasing electrical power by private enterprise," he declared. This increased power, he stated, would mean thousands and thousands of additional farm acres because of irrigation made possible by the use of electricity. And these farm acres in turn would mean greater assistance for Los Angeles and the entire West.

HALF-MILLION MEN.

In order to make important this development for all of the nation, he included the proper handling of the floor waters of the Ohio, Mississippi and other eastern streams which annually destroy millions of dollars worth of property. Jumping from there he rapidly sketched the military system of the nation and its weakness, and then he outlined the need of a standing army should have an enrollment of 500,000 men at a cost of \$100,000,000 a year, according to conservative figures—a cost so great that the nation will constantly refuse to raise unless forced by actual war to do so," said the speaker.

The solution lies in the adoption of the German forestry system and amplification to suit American needs. These men should be employed in the reforestation of our mountains and hills, in the conservation of water supplies and the building of good roads throughout the nation, and at the same time drilled and equipped for warfare just as has been the case with the Germans. Nor should we proceed in this work with the employment of a few hundred, or even thousand, but with a great force that will be large enough and mobile enough to meet any great crisis instantly.

"Just think of the little government of Switzerland with its scant few million men, being able to mobilize 500,000 men on its borders in twelve hours, while it would take months for the United States to raise and properly equip a similar force."

By putting these men into service such as proposed they will be a great asset to the nation in barracks and stations, but they will soon develop sufficient returns for their labor not only to pay for the upkeep of the army, but to provide a substantial revenue for other great governmental works.

SAFETY MEASURE.

"We would be all in danger of invasion by the Japanese, the Germans, the British from our northern border, or any other nation from the southern border. We would cease to

exist as the most potential nation in the world in theory only and outside of China the weakest in fact, and take our place as a ranking nation among nations able to defend their rights of our citizens in a crisis such as that prevailing at the present time."

The speaker was given an ovation after his powerful argument and guarantee that the electrical crafts of Los Angeles will do their utmost to further such a plan. Chairman of the day was Ralph B. Clapp, and in addition to several other speakers a programme of excellent music was furnished by the Jovian Glee Club, which has just recently been organized.

STILL MORE TROUBLE.

"Weeping Eye" Wilson May Be Prosecuted by Government for Using Mails to Defraud.

The government is about to take up the prosecution of Newton Wilson, better known as "Weeping Eye" Wilson, and Dr. George B. Rowell, now under indictment and \$7500 bond in the local Superior Court, on the charge of securing large amounts of money from various corporations by false pretenses. The matter will probably be taken up by the Federal grand jury this week, the charge against the defendants involving the illegal use of the mails in their scheme to defraud.

It is claimed by the District Attorney's office that Wilson and Rowell have secured not less than \$100,000 by the successful prosecution of swindling claims against a number of insurance companies. All of the evidence secured by the State having a bearing on the Federal charges, as well as that gathered by Postoffice Inspector Cookson, has been turned over to the United States District Attorney for presentation to the grand jury.

BIG FOUR ON THE COAST.

Well-known Eastern Railroad System Will Open Offices Here and in Other Cities—Seeking Business.

Because of the steadily increasing traffic to and from the three important Pacific Coast terminals, the Cleveland, Cincinnati, Chicago and St. Louis Railway, commonly known as the Big Four, will open offices simultaneously today in this city, San Francisco and Seattle.

C. E. Brown, formerly traveling freight agent for the Big Four at Louisville, arrived yesterday to take charge of the Los Angeles office, with the title of commercial agent. His assistant will be H. B. Longfellow, who was formerly assistant city ticket agent for the Burlington here. The office will be in room 707 Central building.

"The Big Four is looking for business, and expects to find it in the growing States west of the Rockies," said Mr. Brown yesterday.

Mr. Brown will have charge of a territory including all of California, south of Santa Barbara, and Arizona. The San Francisco office in charge of T. F. Hartnett, as Pacific Coast agent, will handle all business north of Santa Barbara and include J. X. Kinberger will have charge of business in Oregon, Washington and Idaho, with headquarters in Seattle.

A Tribute to Sound Policies
and Conservative Management

The following semi-annual statement is renewed evidence of the confidence reposed by the people of Los Angeles in one of this city's foremost institutions.

Organized and directed for 25 years by well-known local business men; noted for conservative policies and a progressive spirit in service, the German American Bank is organic proof that high standards of efficiency and an enviable record for sound management are appreciated.

The officers and directors take this occasion to acknowledge on their part, appreciation of the loyalty and friendly regard expressed in the continued patronage of this Bank's 54,000 depositors.

Today
—and for the Next Ten Days
STUDEBAKER "Opportunity Sale"
of Showroom Cars and Demonstrators:

Starting today, we announce the Studebaker "Opportunity Sale" of Studebaker cars at prices ranging down to cost. The cars included in this Sale are:

—Showroom Cars

These are cars that we have had on our floors and used as exhibition cars in selling hundreds of Studebaker cars to Los Angeles owners. People have sat in them and handled them as people will handle a sample car and the varnish may be scratched here and there by an incautious heel and other slight disfigurements, but the cars are in as perfect condition otherwise as the day they came into our Showroom. Only they are a little showpwn and we won't attempt to sell them as new. So they go

—to the first comers at COST
—a few Demonstrators

These are cars that have been used by our demonstrators—run less than 2000 miles—are in first-rate order and guaranteed by us as fully as new cars are. These, too, go

—to the first comers at COST
—3 Officials' Cars

These are cars that have been used by officials of this Company between 8000 and 5000 miles. Having been cared for by expert garage men and driven by experienced drivers, they are in fine trim, and many owners will prefer them to new cars as they have had just enough use to be thoroughly "worked in." To be disposed of at once

—to the first comers at COST

It is needless for us to say anything of the Studebaker Cars and the values they represent at the FULL list prices. It suffices to say that here in Los Angeles, for example, you will find more Studebaker SIXES than any other make of Sixes. That popularity exists everywhere. It is proof of the merit of the cars. And a Sale like this that enables you to buy such a car at cost to us is a remarkable OPPORTUNITY in every sense. Only a few men will be able to take advantage of it, however, owing to the few cars included in the Sale, and we advise you to come in at once.

JUDGE REGAR
WORK LIGHTWitness Declares the
not so in New YorkReads Figures for I
Answer One QuestionCross-examination of
Accountant Finished

Judge Eledson and Mr. Rank, government expert, differ widely in their view of the evidence, according to a made by each yesterday. Judge Eledson, in his trial of Charles A. Elder and states formerly connected with management of the Los Angeles Investment Company on the conspiracy to use the mails to "The more work I have to do, the better I like it," said to the witness.

"You would think different were I not in New York," replied Elder, as new York, "I replied 'Well, I am not in New York.' I have declined to go there," the court, alluding to the fact that Elder had been invited to sit in the District of New York and declined.

The subject came up when Oscar Lawler for the defense, that the government expert prepare certain statements. It was finally agreed that Mr. Rank would prepare the statements and the cross-examination of Elder would be postponed until after the adjournment of court yesterday.

As illustrating the immense figures that is being injected into the case as well as accounting for the progress made, Mr. Rank appeared an hour yesterday answering question of Mr. Lawler's, consisting in reading steadily from account books.

ELDER PAYS IN CASE

The question asked was whether cash Charles A. Elder had his stock account with the investment company, other than the dividends. The answer came in the figures stated and amounts ranging from 20 to \$1000.

The day was consumed by Mr. Rank in searching investigation accounts of Mr. Elder. Mr. Rank, in his direct examination, testified to show that they had posted stock as collateral for the purchase and charged to the account.

In response to an inquiry, Mr. Rank said that he did not intend to cross-examine Mr. Elder in his investigation show the defendants had purchased any other terms than those stated.

He also stated that when the data retired from the manager of the company, they left with the stock as security for their loan, all the stock of the investment company and Guarantee Fund they had acquired during the action with the company.

That the juryman was paying attention to the evidence was yesterday when one of the interrupted Mr. Rank to ask what meant by items credited to certain defendants marked as common stock. Mr. Rank developed that during the history of the company, the office received a commission on sales of stock made by them. It also stated that during the year 1905 and 1906, the defendant Elder acted as janitor for the company, receiving \$30 per month for his services.

EQUITIES DISREGARDED

Mr. Rank stated that he did not intend to cross-examine Mr. Elder in his investigation show the defendants had purchased any other terms than those stated.

The witness said that so far accounts were available, it appeared that the cash on hand was stated in the monthly statement of the company. He also stated that the cash on hand was correctly stated, basing the statement on the selling price of the investment company stock.

Mr. Lawler again attacked the testimony of the government expert, which appreciation of uncollected rate was not credited in the account and which was not shown accounting firms of high standing credited such appreciation. A section to the question was answered by Judge Eledson.

Among the events which brought about the court proceedings and are looked forward to by the attendance are the formal opening and closings by Crier E. McVay whose striking resemblance to Dr. Rockefeller has been frequently remarked. Mr. McVay possesses a rich and sonorous voice and performs his duties with unctious and earnest satisfaction. His recent thump of the gavel at the conclusion of his remarks always causing a stir among attorneys and clients.

MINOR WINS

SUIT AGAINST L.A.I.

Sydney Harris, a minor, was given judgment yesterday by Judge Eledson in his suit to recover \$1197 from the Los Angeles Investment Company. He sued on the ground that, by minor, his contracts for the purchase of three parcels of stock were void.

The company offered to return purchase price of the first and second, but held it could not return the third, as it was purchased from the Guarantee Fund. The decision of the court, which will be delivered, is considered as very important, in as it does in reference to the company's liability in respect to the ante fund.

G.A.R.—S.V. PICNIC.

The annual picnic of the G.A.R. Sons of Veterans, to be held at Zoo Park, next Monday, is under management of the following committee: Chairman, S. G. Davis, 8th St. Post; secretary and treasurer, Carroll Marks, Daughters of Veterans; Entertainment—W. S. Daubens, Stanton Post; William E. Hill, Sons of Veterans; R. E. Harris, by D. Evans Post; Mr. Culvert, 5th War Veterans; Mrs. Elias Kiser, Sons of Veterans Auxiliary. General committee consists of some of the members of all the posts, presidents of all the corps, clubs and auxiliaries, Daughters of Veterans, Sons of Veterans, U. S. Veterans Legion and all camps Spanish War Veterans and their wives. The refreshment will be under charge of the Sons of Veterans.

The L.A.I. Trial.

JUDGE REGARDS WORK LIGHTLY.

Witness Declares that it is not so in New York.

Reads Figures for Hour to Answer One Question.

Cross-examination of Expert Accountant Finished.

Judge Bledsoe and Howard E. Rank, government expert accountant, differ widely in their views regarding work, according to statements made by each yesterday during the trial of Charles A. Elder and ten associates formerly connected with the management of the Los Angeles Investment Company on the charge of conspiracy to use the mails to defraud.

"The more work I have to do, the less it bothers me," said his honor to the witness.

"You would think differently if you were in New York," replied Mr. Rank. "Well, I am not in New York and have declined to go there," retorted the court, alluding to the fact that he had been invited to sit in the Southern District of New York and had declined.

The subject came up when Attorney Oscar Lawler for the defense insisted that the government expert should prepare certain statements for the defense. It was finally agreed that Mr. Rank would prepare the figures and his cross-examination was concluded just before adjournment of court yesterday.

As illustrating the immense mass of figures that is being injected into the trial as well as accounting for the slow progress made, Mr. Rank spent nearly an hour yesterday answering one question of Mr. Lawler's, the reply consisting in reading steadily figures from account books.

ELDER PAYS IN CASH. The question asked was what sums in cash Charles A. Elder had paid on his stock account with the investment company, other than those paid from dividends. The answer consisted in reading the figures stated and showed amounts ranging from 20 cents to \$1000.

The day was consumed by Mr. Lawler in searching investigation of the accounts of the defendants with the investment company, designed particularly to show that they had deposited stock as collateral for shares purchased and charged to their accounts.

In response to an inquiry, Mr. Rank said that he did not intend to say in his direct examination that anything in his investigation showed that the defendants had purchased stock on any other terms than those allowed outsiders.

He also stated that when the defendants retired from the management of the company, they left with the company, as security for their indebtedness, all the stock of the investment company and Guarantee Fund that they had acquired during their connection with the company.

That the jury was paying close attention to the evidence was shown yesterday when one of the jurors interrupted Mr. Rank to ask what was meant by items credited to certain defendants marked as commissions. It developed that during the early history of the company, the officials received a commission on sales of real estate made by them. It also developed that during the year 1904 and a portion of 1905, the defendant Rodgers acted as janitor for the company, receiving \$30 per month for his services.

EQUITIES DISREGARDED. Mr. Rank stated that he did not investigate the terms of the contract of the company with the Trinity Auditorium Company, now in liquidation, in consideration of his accounting, the equities of the company in properties, except as such equities appeared on the books.

The witness said that so far as the accounts were available, it appeared that the cash on hand was correctly stated in the monthly statements of the company. He also stated that the assets of the Guarantee Fund were correctly stated, basing the statements on the selling price of the investment company stock.

Mr. Lawler again attacked the system of the government expert by which appreciation of unsold real estate was not credited in the surplus account and attempted to show that accounting firms of high standing credited such appreciation. An objection to the question was sustained by Judge Bledsoe.

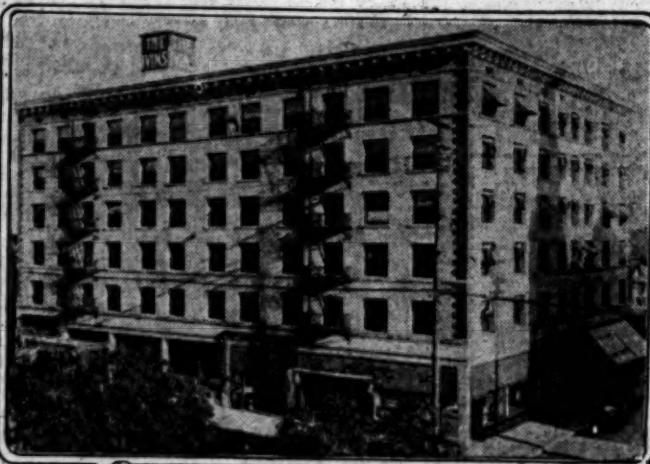

Among the events which break the monotony of the court proceedings and are looked forward to by those in attendance are the formal openings and closings by Chief Justice McCarthey. Whose striking resemblance to John D. Rockefeller has been frequently remarked. Mr. McCarthey possesses a rich and sonorous voice and performs his duties with unctious and great apparent satisfaction, his resounding thump of the gavel at the conclusion of his remarks always causing a smile among attorneys and clients.

MINOR WINS SUIT AGAINST L.A.I. Sidney Harris, a minor, was granted a judgment yesterday by Judge Hewitt in his suit to recover \$1000 from the Los Angeles Investment Company. He sued on the ground that, being a minor, his contracts for the purchase of three parcels of stock were not valid.

The company offered to refund the purchase price of the first and third parcels, but held it could not with the second, as it was purchased from the Guarantee Fund. The decision of the court, which will be delivered today, is considered a very important holding as it does in reference to the company's liability in respect to the Guarantee Fund.

G.A.R.—S.V. PICNIC. The annual picnic of the G.A.R. and Sons of Veterans, to be held at Seligman Park, next Monday, is under the management of the following committees: Chairman, S. G. Davis, Stanton Post; secretary and treasurer, Mrs. Carroll Marks, Daughters of Veterans; entertainment—W. S. Daubenspeck, Stanton Post; William M. Hilliker, Sons of Veterans; E. B. Harris, Robert D. Evans Post; Mr. Culver, Stanton Post; Mr. Galbraith, Spanish War Veterans; Mrs. Elizabeth Brown, Sons of Veterans Auxiliary. The general committee consists of the commanders of all the posts, circles and auxiliaries, Daughters of Veterans, Sons of Veterans, Union Veteran Legion and all camps of Spanish War Veterans and their affiliated orders. The refreshment booth is under charge of the Sons of Veterans.

Two Properties Exchanged Yesterday.

Ivins apartments and Senator Jones mansion. The former in Los Angeles and the latter, "Miranar," in Santa Monica. The apartment was valued at three hundred thousand dollars in the transaction, and the seaside holding at about half that figure, the difference being paid in cash.

Real Estate Deals.

(Continued from First Page.)

night that he might eventually erect a luxurious tourist hotel on the Santa Monica site, considering the property, with its superb marine view and its outlook upon Palisades Park, unsurpassed for such a purpose.

ON THE SHORE. The rest of the transactions in the big total were confined to shore frontage in the vicinity of the Santa Monica municipal pier. Of these deals, by far the most significant was the acquisition of E. P. Benjamin, a New York capitalist, of 256 feet of beach, lying between the Seaside Terrace Hotel and the pier, and of 150 feet north of the pier, both parcels belonging to the Southern Pacific Railway Company.

Although full particulars are not available, it is understood that Mr. Benjamin has secured the frontage under a long-term lease, with an option to buy, and that he and associates, among them men prominent in the financial affairs of Europe as well as America, are planning to create on the property in the near future one of the finest amusement resorts in the country. The project, it is stated on good authority, will depart from all accepted standards of such resorts, all buildings being of artistic design and permanent construction and the concessions throughout being of a refined character. A large part of the improvement, it is declared, will be built over the water on a gigantic private pier.

Mr. Benjamin has been identified with several notable subdivisions and development enterprises on the Atlantic seaboard, one of these being the famous residence park of the elite, known as Phillips Manor, on the Hudson river, just above New York City. It was rumored in Santa Monica, yesterday afternoon, that one of the financiers identified with the New York man in the new shore enterprise is Sir Thomas Lipton, world-renowned British sportsman.

SEASIDE TERRACE. Another sale reported was the transfer for Mrs. John T. Harris to J. W. Hurlburt, a Los Angeles realty man, of an 80-foot corner in Seaside Terrace, at \$300 a front foot. The site, it is stated, will be improved at once with a large apartment hotel. W. H. Hay, a local real estate broker, reports having sold 120 feet of beach frontage in the same vicinity to another investor, who also plans a substantial improvement.

On another piece of shore line, just north of the Seaside Terrace Hotel,

W. J. Stadelman, a recent purchaser of sand frontage, is about to commence the construction of a bathhouse. Plans for the building, which will be of unique and attractive design, are now being drawn. Other important building enterprises, it is reported, are now brewing for the old north beach district.

EX-SAILORS NATURALIZED.

In Judge Tripp's court yesterday, George Rudolph Schlee and Francis A. Cuendert, German and Swiss, respectively and formerly in the United States Navy, were naturalized under the provisions of the law providing that men who enlist and serve in the navy are not compelled to comply with the ordinary rules applying to naturalization, and may be admitted on their simple petition.

CHANGE IN CONSTABLES.

Beginning with today, the offices of the four constables will be consolidated, and Constable Charles Thomas will be known as Chief Constable, according to an order issued yesterday by the Sheriff.

HOLT TAKES OVER LEASE OF HOTEL.

WITH FAITH IN THE IMPERIAL VALLEY, HE INCREASES HIS HOLDINGS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) EL CENTRO, June 30.—C. E. Paris, head of the W. F. Holt interests in the valley, announced today that Mr. Holt has taken over the lease of the Barbara Worth Hotel, buying it from Messrs. Miller and Porter of San Diego. W. F. Clark will be retained as manager and the hotel, which was not damaged by the recent temblor, as severely as the first reports indicated, will be re-opened by July 10. Mr. Holt with great faith in the future of the valley has increased his holdings materially recently. A fortnight ago he purchased the business lot adjoining the hotel here and also thirteen acres of industrial property in Calexico, part of which will be occupied by a projected ice plant.

PUNCHBOARDS TABOO.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) IMPERIAL, June 30.—Holding that punchboards are but a form of gambling within the meaning of the Penal Code, District Attorney Galen Nichols has prepared a letter to all peace officers in the county, directing them to arrest violators after July 7.

Beginning a Demonstration of Bon Ton and Royal Worcester Latest Corset Modes

—Monday begins the two weeks demonstration of the celebrated Bon Ton and Royal Worcester Corsets in charge of a corsetiere of national note.

—These splendid Corsets are famed for beauty of design, material and fitting qualities.

—In this demonstration they will be shown to the best advantage. —Now that Fashion calls for trimmer lines the selection and careful fitting of a corset becomes more essential.

—Bon Ton Corsets reveal the beauty of the natural figure lines to best advantage, giving perfect support and control. They're boned with Wundabohn. Priced \$2.50 to \$5.

—Royal Worcester Corsets are designed with equal care. Priced \$1 to \$2.50.—2nd floor.

J.M. Robinson Co.

For Your Outing

In the Pleasure Ground of the World—Southern California

The advent of vacation time—and the approaching holiday next Monday—will turn the thoughts of thousands to the necessity of purchasing correct apparel for the out-of-door life.

Silk Parasols for Monday's Outing
Exceptionally good values
\$3.50
A pretty parasol is always a pleasing accompaniment to a summer frock. Select for your Fourth-of-July outing from this very attractive collection.

They're covered with heavy taffeta silk, in a large assortment of plain colors, including: Kelly Green, King's Blue, Purple, Cerise, Navy, Brown and Russian Green. Brass frames. Variety of shapes to select from.

New Sport Hats
\$1.25 to \$10.50
We're showing the very latest ideas in smart sport hats for mid-summer. Stitched velvet, taffeta silk, satin, felt and straw are all in evidence. They're decidedly chic, too.

Chiffon Auto Veils
In all desirable colors \$2.50.
Polo Scarfs for Motorists
\$1.25, \$1.50, \$2.25.
Some are made of wool, others of fiber silk. The assortment includes solid colors and striped effects.
Wool Polo Caps, 65c and 75c.
Silk Motor Hats \$2.95
In assorted colors. Two models. Mesaline or taffeta silk. Unaffected by sun or water. (Neckwear Dept.)

Khaki Outing Garments
Khaki Riding Breeches.....\$5.50
Khaki Riding Coats.....\$8.50
Khaki Riding Skirts.....\$2.50 and \$3.50

Putty and sand shades. Prices.....\$1.75

THE MAN WHO RENTS—

Did you ever figure the cost? Did you ever figure how much you have paid out in actual cash for that pile of worthless rent receipts? Get a pencil, tear off a piece of paper and take just five minutes to see where you stand.

Try it—then see how much cash you can raise on your pile of paper receipts. Here's what two men put down in cold figures—

The Man who BOUGHT—	
Price of bungalow on payments,	
just the same as rent.....	\$1850
Interest on deferred payments,	
approximately.....	\$ 600
Taxes and insurance for 10 years.....	\$ 150
Total.....	\$2600
RESULT—	
Deed to property conservatively worth at that time \$2500.	
The Man who RENTED—	
Ten year's rent at \$20.00.....	\$2400
Wear and tear on your furniture and cost of moving.....	\$ 100
Total.....	\$2500
RESULT—	
120 Worthless Rent Receipts and STILL IN THE SAME RUT.	

Think It Over

Talk with any one of our thousands of satisfied customers and then let us show you our modern 4 room bungalow with lawn, trees and flowers AT ABOVE PRICE and terms as low as \$75 cash and \$18.50 a month including interest. It is close in on a good 50 yellow carline and beautiful high location. Close by in the same restricted district, we have a beautiful cozy 5 room home for \$2350. Only \$100 cash and \$20 a month including interest. Come in or phone—we will gladly show you the property. Don't wait until they are both sold.

Life's Gentler Side—Society, Music, Song and the Dance—The Theaters.

MOVEMENTS IN SOCIETY.

THE Ebell Club of Los Angeles are the officers, delegates and artists who are in attendance of the National Federation of Musical Clubs' annual festival for one of their most pleasing social courtesies, as well as a brilliant climax to one continuation of hospitable expressions, showered as generously as the sunshine of this glorious Southland, for the reception given by Ebell's large organization of splendid women yesterday, between the hours of 4 and 6 o'clock, was one of the prettiest functions planned in honor of the distinguished visitors.

The newly-chosen president of the Musical Federation, Mrs. A. J. Ochsner of Chicago, with the retiring official, Mrs. Julius Eugene Kinney of Denver, and Mrs. Emerson H. Brush, Mrs. W. H. Jamison, Mrs. Frank Garrett, Mr. and Mrs. Horatio Parker and Mrs. Brian Hooker, were in the receiving line with Mrs. W. B. Bartlett, president of Ebell, though Miss Matricula Craft, Miss Kathleen Howard, Mr. and Mrs. W. W. Hinchshaw, Mr. and Mrs. Ralph Errol, Mr. and Mrs. Albert Reiss, the great pianist, Dr. Alfred Hertz, and his charming wife of Vienna, and F. W. Blanchard, together with the Paul Elvengren, Capt. Fanning, Charles Wakefield Cadman, Mrs. H. A. Beach, Miss Albertina Beach and other notables, were especially honored. The members of the national board, all delegates, members of Ebell and their invited guests, the board of the symphony orchestra and Mr. and Mrs. Tandler and leading musical celebrities were also complimented. These were in line with the official board of the hostess club in the parlors.

Quantities of pink hydrangeas beautified the spacious hall and the auditorium, where an elaborate collation was served, carried out the motif of the complimentary organization—yellow—with a wealth of dainty corollas banked about in artistic grace.

The inviting patio was also an attractive rendezvous, with a bevy of young ladies in charge.

Mrs. William L. Jones was chairman of arrangements, assisted by

Mrs. H. W. R. Strong, Sumner P. Hunt, Frank W. King, Philip Gendreau, Hubert J. Hole, Edward C. Bellows, Josiah Evans Cowles, Chester C. Ashley, George P. Thresher, M. M. Brown, C. S. Ward, Lewis Clark Carlisle, William Read, Ella W. Martindale, George Alexander Brock, Walter Fisher, George B. Macaulay, L. C. Biddle, Henry Van Bergen, W. F. Johnson, James W. Holder, James T. Fitzgerald, E. R. Brainerd, Oscar Trippett, E. S. Rowley, Stoddard Jones, E. E. Sibley, Charles Bestman, Gertrude Ross, Reuben Shettler, Russell J. Waters, Edwin G. Voigt, Frederick Kinde, Jr., Maurice Hellman, Erasmus Wilson, H. M. Binford, W. L. Hollingsworth, Harmon Ryus, Jackson Stuart Gregg, Horatio Cogswell, Cedric Johnson, W. P. Botsford, Edwin P. Mackinson, Marion Welsh, Sidney B. Webb, Robert A. Smith, C. F. Higbee, William Duffield, William E. Mabey, Mabel Alexander, E. E. Smith, Edith Schulenberg, Shalbert Burkemann, Caroline Stone Freeman, Albert C. Calkin, Dean Mason, George Doane, J. G. Ogilvie, Katherine K. Forest, Hampton Street, John C. McCoy, George P. Ross, Charles G. Gilbert, George B. Ellis, Leon F. Moss and Tom P. Robertson, and Miss Mattie Wilson, Augusta Lamb, Charlotte Rockwell, Belle East, Carolyn Alchin, Helen Thresher, Florence Riley, Elizabeth Wheeler, Margaret Goetz and Kimball.

Mrs. Herbert F. Barton, third vice-president of Ebell, and chairman of hospitality for this year, who has made an enviable reputation as hostess, was largely responsible for the charming final big social affair, being ably assisted by Mrs. Fred Braden, Mrs. Delor T. Davenport, Mrs. Frank Edward Walsh, Mrs. Clifford A. Smalley, Mrs. Malone Joyce, Mrs. William Cross, Mrs. Walter W. Atkinson, Mrs. Philip L. Wilson, Mrs. W. G. Terry, Mrs. Dwight S. Moore, Mrs. William N. Kinney and Mrs. T. B. Marshall. Miss Matilda Bartlett, Miss Blanche Davenport, Mrs. Nora Ross, Mrs. Robert Clark, Miss Cross, Miss Marie McCoy and Mrs. Edith Hart had in charge of the patio, and Mrs. John C. McCoy, chairman of courtesy, was also a valuable acquisition.

Mrs. Godfrey Edwards and Mrs.

Emil Kirchner had charge of the exquisite decorations.

Many hundreds attended, going later to Trinity for the evening concert.

Luncheon at California Club.

A large central mound of pink sweet peas with exquisite beauty of color and texture, was used by Mrs. E. C. Hamilton of Long Beach for the handsomely-appointed luncheon given yesterday at the California Club, to which were bidden seventeen guests. Places were marked by hand-drawn cards in wild-rose design. Mrs. Hamilton was assisted by her mother, Mrs. W. H. Bonnell.

To Reside in Los Angeles.

Mrs. Gertrude Nash, a prominent club woman of Iowa, and who formerly was a member of the board of the General Federation of Women's Clubs, who has frequently visited California in the past and become so imbued with its beauties that she has come to Los Angeles to establish a home, is to be honored with a dinner Sunday, given by Mr. and Mrs. Charles Bilhars of Sunset and Fairfax boulevards, Hollywood. Miss Marjorie Meeker, formerly mayor, and later prominently identified with the establishment of the commission form of government in that city, will also share honors. Miss McVicar accompanied Mrs. Nash West for a summer visit. The ladies are both related to Mrs. E. Russell and the Scotts of South Hoover street.

For Mrs. Beach.

On next Tuesday evening Mrs. H. H. A. Beach, the brilliant composer of Boston, will be extended a delightful reception by Miss Virginia Goodsell, and all of the Burbank ladies having bidden over 300 friends.

Mrs. Beach, in dispensing hospitality are to be Mr. and Mrs. F. W. Blanchard, Dr. and Mrs. Catherine, Mr. and Mrs. L. J. Selby, Mr. and Mrs. L. E. Behrman, Mr. and Mrs. H. C. Colby, Mr. and Mrs. Horatio Cogswell, Mr. and Mrs. G. Hallett Johnson, Miss Margaret Goetz, Miss Beatrice Joy, Miss Frances M. Smith, Mrs. J. H. LeRoy, LeMont Smith, Archibald Sessions, Mrs. S. J. Hart, Mr. and Mrs. William Bassett, Mr. and Mrs. Charles Farwell Edson and others.

Nuptial Mass Blessed by Pope.

With the bestowal of an apostolic blessing, Marconigrammed by Pope Benedict XV to Bishop Conaty, the nuptial service was read at 10 o'clock at the Chapel of Our Lady of Guadalupe, in the presence of many dignitaries of the church, among them being Archbishop Hanna of San Francisco, Bishop-elect Glass of Salt Lake diocese; Mr. McCarthy of Fresno, together with many additional priests and friends of the bride and groom. The bride was escorted by the bridegroom, who filled the sanctuary to overflowing.

Bishop Conaty was officiating, assisted by Rev. Bernard J. Conaty, rector of the church. A nuptial mass followed the ceremony.

The chapel was converted into a floral bower with potted plants and flowers, the loving work of the nuns of Immaculate Heart College, Hollywood, where the bride was educated. During the mass G. Allen Hancock played a "cello solo" with "Ave Maria" by Mrs. Arnold Burkleman at the offertory.

The lovely bride, who was given into the keeping of Mr. Murphy by her brother, Michael McDermott, was escorted by Mr. and Mrs. Fisher and real life, the bride veil hanging in perfect airy cascades from the tip of her crown, where it was fastened with a tiny spray of orange blossoms. Her bridal bouquet was a quaint, old-fashioned creation of white spray orchids and lilies of the valley, arranged in colonial style, with a few sprays of the blossoms in shower effect. Miss Susan E. Conaty of Taunton, Mass., groomed in dainty pink, was the only attendant, Dan Murphy serving as best man, and Joseph Conaty and James Conaty ushering.

An elaborate breakfast was served to the immediate relatives after the nuptial.

Mr. and Mrs. Murphy left last night for an extended trip East, amid the good wishes and congratulations of a multitude of friends.

Upon their return they will reside at Needles, though they plan to spend a part of their time in Los Angeles, the groom having vast interests in both places.

Mr. Murphy is a well-known and popular business man in Los Angeles. He is a native of New York and a member of both the Newman Club and the Los Angeles Club. He is the brother of Dan Murphy, one of the leading business men of this city. His charming bride is the daughter of Mrs. Mary McDermott of No. 717 South Burlington street, and is decidedly popular in the younger social set.

Temporary Habitués of the Orient.

Miss Josephine Speakman, assisted by her friend, Miss Dorothy Maupin, gave a delightful and unique Japanese costume dinner at the home of her parents, Mr. and Mrs. Harry Speakman on North Serrano avenue, Saturday evening last.

The house decorations, which were principally of cherry blossoms and chrysanthemums, were especially artistic and effective, while the grounds, with their beautiful Japanese lantern effect, made a rare and exquisite setting for the young dancers.

The guests were principally high school classmates of Miss Speakman.

Entre Nous Club.

Mrs. G. W. Saurert and Mrs. Clem Creveling, entertained members of the Entre Nous Club recently at the home of the former, No. 2937 La Salle street, with a bridge afternoon followed by high tea.

Formal Announcement.

Mrs. and Mr. A. Levy, No. 747 South Union street, formally announce the marriage of their daughter, Miss Martha Kathryn Levy, to William I. Zidek. After July 1, Mr. and Mrs. Zidek will be at home to their friends at the Sorrento Apartments, No. 694 South Burlington street.

On Eastern Trip.

Mrs. Barker van Zandt of South Flower street has gone to New York for the summer, and will spend most of the season at that port.

At the Shore.

Dr. Mrs. Frank Howenstein have closed their home at No. 2234 West Thirtieth street, and have taken a house at Second and Clubhouse avenue, Venice, for the summer.

Patriotic Luncheon.

A dainty luncheon was the pleasure planned by Mrs. V. A. Humphries Tuesday afternoon at her home, No. 3903 South Main street. The board was laid with a dainty cloth, centered by a cut glass vase filled with white and blue flowers. The place cards were of Old Glory design, and miniature silk flags were the favors at each cover.

"SO LONG LETTY" NEW OFFERING.

"Trail of the Lonesome Pine" at Burbank.

Fashion Show Coming to the Orpheum.

Mary Pickford Headed for Alhambra.

"So Long Letty," the first of the big musical comedy productions which Manager Morosco is to give Los Angeles will be given its premiere next Sunday night at the Morosco Theater.

It is safe to say that never before in the history of the West have such stars been gathered in a single production, at the prices which Manager Morosco will ask for this new piece, "So Long Letty" is an adaptation from Elmer Harris' successful comedy, "Your Neighbor's Wife." The new production promises the brightest and catchiest musical comedy yet written by Earl Carroll, noted song writer.

Charlotte Greenwood and Sydney Gray, the cant and Selma Perry, William Rock, Walter Catlett and May Boley will be featured. There will be a bevy of California beauties, both show girls and winners "ponies" and a male quartette of unusual promise.

There is to be a special matinee on Monday, July 2.

Kolb and Dill in "This Way Out" are scoring heavily, this week.

Burbank.

"Kindling," the famous drama which is proving a big success at the Burbank, with Marjorie Rambeau and William Mack in the leading roles, will continue during the remainder of the week.

Next week the offering will be "The Trail of the Lonesome Pine," with Marjorie Rambeau in the charming role of June, the mountain girl. Edmond Lowe, in the role of the leading male role and Louis Bessillon and the other popular members of the Burbank company will be suitably cast.

Mason.

Elsie Ferguson in "Outcast," will appear at the Mason on Monday evening. Charles Cherry, former leading man with Ethel Barrymore, Mary Manning, and Maxine Elliott will play opposite Miss Ferguson.

Orpheum.

The New York Midsummer Fashion Show, headed by "Peggy" Hopkins, and managed by May Tully, will headline the new Orpheum bill next week. The show is said to comprise \$10,000 worth of the finest collection of the smartest New York modistes. Twenty lovely "galls" exemplify these fashions. All the different sorts of gowns a lady wears from dawn to dark are shown, including lingerie, sport and house costumes, ballroom and evening frocks.

Others will be Fisher and Green, in "The Partners," Newhoff and Phelps, in "Care of General Delivery," Percy Breton and Winona Baldwin, in songs and dances; Fritz Bruch and his sister, in "cello and violin numbers; the Jordan Sisters, in a high-wire act, and Marie Nordstrom, who won her house last week. Mr. Hymack is the only holdover.

Empire.

A big Roland West musical feature entitled "The Dairy Maids," headlines next week's Empire bill. Eight stunning girls, in addition to the stars, appear in this number.

Others will be a drama, "The Way Out," "Maestro," in a singing turn; Ed and Jack Smith, in cabaret songs; Jenkins and Covert, in a skit, "Just Married," and the play "The Little Bettema" is creating a sensation at the Empire this week.

Panoramas.

Stuart, the male soprano, and Jules Held, with Danny Collins and company, in a kid revue, jointly headline next week's Panorama. Covert, in a one time star in a number of comic operas, including the famous "1921."

Others will be a dramatic, "The Iron Ring," in a singing turn; Ed and Jack Smith, in cabaret songs; Jenkins and Covert, in a skit, "Just Married," and the play "The Little Bettema" is creating a sensation at the Empire this week.

Princess.

Spanish opera, as given by the Milanes-Caballe-Gutierrez company, is proving a strong drawing card at the Princess this week.

The "Iron Ring," in a singing turn; Ed and Jack Smith, in cabaret songs; Jenkins and Covert, in a skit, "Just Married," and the play "The Little Bettema" is creating a sensation at the Empire this week.

Hippodrome.

Mrs. Bertrac's Animals, a troupe of trained mules and ponies, is one of the headline attractions for next week's Hipp Bill.

MacDowell will appear in some of the famous bits from Sardo's "La Toca," with Leo LaSalle in the title role.

Other acts will be Maistro, eccentric pantomime novelty; Fields and Brown, comedy song and dance artists; Dale Wilson, singer, and Nick and Lida Russell in a piano, song and change act.

Republic.

"We'll be a Big Brother to All Nations," a stirring patriotic martial air, written by Kate Beirne, a local song writer, sung by the chorus of Fritz Fields Fairtime Follies and staged with a tableaux of "Peace" in the background, is running away with the show at the Republic this week.

ways popular with local audiences, are proving excellent drawing cards at the end of the first movement. The second movement, which he gave the name of "The Vanishing Cinderella," is a comedy by Channing Pollock and Renold Wolf.

The balance of the programme offers a wide range of interest and includes "The Vanishing Cinderella" and pictures of the earthquake damage in Imperial Valley.

Next under the Majestic programme will be headed by King Baggot in "The Marble Heart," a pictorialization of the French play, "Filles des Marées."

Optic.

A whole new bill, with the exception of Charlie Chaplin in "Work," will be shown at the Optic Theater for the rest of the week commencing today. Chaplin has proved to be such a hit in his latest and best comedy that Manager Auger found it necessary to comply with the many requests to keep him on the programme.

"The Dream Dance," a three-reel Lubin drama; Billy Havers in "A Safe Investment," "The Broken Pledge," an Essanay comedy with a theme that is said to be one of the best in the city, and "The Master of the Sword," a Biograph drama, compose the bill.

Palace of Pictures.

The gripping story of "The Pomp of Earth," the latest of the "Who Pays?" dramas, with the sincere acting of one of the best of the city, Henry King, and the funny antics of Charlie Chaplin in "Work," are crowding the Palace of Pictures this week.

As an added attraction, the earthquake scenes from the Imperial Valley will be shown the latter part of the week, commencing today.

"The Pomp of Earth" is one of the strongest dramas of the strong series.

Garrick.

The rejuvenated Garrick Theater will reopen Saturday, July 3, with "The Builder of Bridges," the first in a series of new plays, and a new showing only exclusive first-run films. The Garrick has been completely redecorated and a beautiful pipe organ, said to be one of the best in the city, has been installed. In order that the patrons of the theater can be cool all through the warm summer months, a new cooling and ventilating system has been put in.

"The Builder of Bridges" features C. Aubrey Smith and Marie Edith Wells in the best roles of their motion-picture careers. The story is a pictorialization of Alfred Sutra's play, which was used with such success on the speaking stage by Kyrle Bell and is said to have lost none of its interest by being put on the screen.

Tally's Broadway.

John Barrymore in "The Dictator" is scoring heavily at Tally's Broadway this week.

"Chimmie Fadden," featuring the popular Broadway comedian, Victor Moore, will be next week's attraction. "Chimmie Fadden" is said to be one of the most amusing photoplays ever shown on the screen.

Clune's Broadway.

Naomi Childers and Charles Wellesley in "The Hand of God" will be the feature at Clune's Broadway during the remainder of the present week.

Other features will be "A Harmless Flirtation," Robyn Adams and Virginia Kildan in "On the Border," and the harmony trio composed of Messrs. Henderson, Davies and McKenna.

Miller's.

Theda Bara in "The Devil's Daughter" is drawing packed houses to Miller's. This is one of the most fascinating of very real photoplays, in which the popular actress has ever appeared.

Next week Marguerita Fischer in "The Lonely Heart" will be the attraction.

Alhambra.

"Wild Olive," with Forrest Stanley, Myrtle Stedman and other favorites, is the offering at the Alhambra this week.

Next week Mary Pickford in "Little Pal" will be the attraction.

Superba.

"The Garden of Youth and the March of Empire," the gorgeous film production of the spectacular children's pageant held at the Los Angeles Stadium June 2, 3 and 4 are being shown at the Superba Theater.

The nearly seven thousand Los Angeles school children took part in this wonderful performance, together with their parents and friends, are taking advantage of the opportunity to see the picture.

Commencing Sunday Mrs. Leslie Carter will be seen in "The Heart of Maryland."

Woodley.

Max Marsh, the talented star playing the lead in "Her Shattered Idol" at the Woodley Theater this week, is attracting large crowds to see her performance in this romantic drama.

Next week the offering will be "Up From the Depths," featuring the celebrated legitimate actor, Courtney Foote, who is supported by pretty Gladys Brockwell.

Music.

Success Crowns FINAL CONCERT.

COMPOSERS GATHER LAURELS AS MELODY FLOWS ON.

Appearance of Chadwick and Other Noted Musicians Lends Much Brilliance to Programme Presented at Trinity—Afternoon Recitals Please Audience.

BY EDWIN F. SCHALLERT.

Success has been piled high on success as the musical festival has progressed. Last night brought another triumph in an orchestral concert at Trinity Auditorium in which beauty in its purest form was the dominant note.

measured and well-deserved ovation at the end of his interpretation of the McDowell concerto, which he gave with a rare degree of fire, smoothness and power. He was well in tune with every variation of the changing flow of the first movement. The second movement, which he gave with a rare degree of fire, smoothness and power, was well in tune with every variation of the changing flow of the first movement. The second movement, which he gave with a rare degree of fire, smoothness and power, was well in tune with every variation of the changing flow of the first movement.

The programme closed with an overture by Eric Delamarter's "Masquerade," this being the first hearing. The composition abounds in good tunes and fantasy, and contains some very clever effects in instrumentation.

The MacDowell concerto and "Masquerade" were conducted by Mr. Tandler, and the Symphony Orchestra in general gave a very good account of itself, although the men are perhaps overworked from the frequent rehearsals and concerts.

AFTERNOON PROGRAMME.

Yvonne de Tiville and William Spry divided honors in making the most morbid and awesome touch about the

ANGEL RUNS SWAMP BEES.

Wolter Buys Twenty-five-cent Bat.

Drives in Six Runs with Triples, Singles.

Pitchers Come and go in June Rain.

BY HARRY WILLIAMS.
The Angels yesterday won a slippery pastime from Salt Lake. The score was 10 to 3, and so much happened that only a guy who is an expert accountant and good at double entry book-keeping could enjoy it to the fullest extent.

Even Boots Weber, the expert ticket taker, who carries an adding machine in the space usually reserved for a brain, lost track of some of the proceedings.

NEW RECORD.
The pastime came near bogging down along about the third inning, when an unexpected and unidentified shower exploded in the middle of the place. Where the shower came from nobody seemed to know, and nobody would accept responsibility for it. Certainly, it didn't belong here. For it to rain in Los Angeles in the third inning on June 30 is undoubtedly a world's record.

We have no objection to June showers along in February or March, but this is no fit time for them. They tend to make baseball rotten and fraught with freak hits. However, as our boys got their share of the freak hits, and a lot more that were genuine, it'll behoove us to kick.

VERY KIND.
When it began to rain, the gates to the grand stand were let down and the blokes out in the bleachers invited to come in out of the wet. Otherwise, the mortality among the straw hats would have been very heavy.

RYAN GOOD.
Jack allowed but six hits. Five of them, and darned near every one of them a curio, came in the fourth. But Jack quickly recovered from the rain. He shed water like a duck, and from the fifth on he squirted the pill over the plate in an almost unmittable manner.

No so with the Salt Lake pitchers. Pitchers is right—four of them, to speak plainly. Blankenship started with Los Angeles, the famous "dian" permitted Howard Gregory to pitch to four batters; used Young C. Morgan for the space of one wet inning and wound up with Hanky Hall working the super shift.

SPONGES.
These heavens, coming from a high and dry altitude, quickly soaked up the water like a sponge, and as a result became water-logged in the pitching arm. It was thought that Indian Laroey, being descended from a race that subsisted for generations on a diet of buffalo tallow, would have so much grease in him that he would be able to shed the water. But he became soaked the same as all the rest. The logical conclusion is that Mr.

(Continued on Fourth Page.)

WILLIAMS IS NOW ANGEL.

Johnny Williams, who recently secured his conditional release from Salt Lake, was yesterday hooked up to an Angel contract by Dillon.

Williams pitched some good ball for Salt Lake, but seemed to be pursued by a jinx and lost several close games. He wanted a change and, as his home is in Los Angeles, he preferred to play here.

Three years ago, Williams was one of the most sought pitchers in the minor leagues. He was with Sacramento at the time. Detroit made an offer of \$11,000 for him, but as he injured his arm before the offer was accepted, the deal was called off. Wolverton could have turned him over without making the accident known, but he preferred to deal on the square. Jennings waited, and then took Johnny at the draft price that fall.

SPEEDY MAN FOR POMONA.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH)
CLAREMONT (Cal.) June 30.—Pomona College is to get a runner to fill the shoes of Larry Gillette, demoted quarter-miller of the Blue and White for several years.

A youngster by the name of Anderson, hailing from Wisconsin, is found on the roster of prospective freshmen and he is credited with a mark of 49a. flat for the 440-yard dash, having made that time in a big prep school meet.

It is also announced that Anderson has bettered this time by some margin in practice. It is announced that he is coming to the Coast for his health.

If this Anderson party can shade 49a. when he isn't very healthy he probably will run the distance in close to nothing when he is feeling good.

NO BOXING AT SING-SING PRISON.

SUPERINTENDENT GOES OVER WARDEN'S HEAD, CALLING OFF BOUTS.

(BY A. P. MIGHT WIRE)
ALBANY (N. Y.) June 30.—There will be no boxing contest at Sing Sing Prison on July 4, as planned by the Mutual Welfare League. John B. Riley, superintendent of prisons, went over Warden Osborn's head today and ordered the proposed bout cancelled, holding that it would not be conducive to good conduct in the prison.

MCREDIE WOULD DISCOVER STARS.

PORTLAND MANAGER HUSTLES AFTER BUDDING MEN FROM COLLEGES.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH)
PORTLAND, June 30.—McCredie is getting to be a real college baseball scout. After looking over several southern college stars and trying to deal for a couple of them, Mac has set his net in the North and is now fishing for Al Hartman of the Washington State College. He is a pitcher and not yet 20 years old. He was dug up by Jimmy Richardson.

WEEDING-OUT DAY AT BEACH.

Tennis Doubles Tournament Begins Today.

Johnson, Griffin, Rohlf and Detrick on Boat.

Exciting Matches Expected in Several Cases.

Johnson, Griffin, Rohlf and Detrick are on the steamer Harvard and probably sea sick. They will hit San Pedro about 10 a.m., and if able to walk they will adjourn in a body to Long Beach. The other San Francisco players came down on the train and are already accounted for.

The first four gentlemen are scheduled to compete in the Pacific States lawn tennis tournament on the opening day, which happens to be today. Johnson and his partner must win three out of five sets from Jones and Seales if they wish to remain on deck, and they do. This match should be a first-class one although the northern candidates are doped as sure winners. Detrick and Rohlf hook up with Varel and Adams at 1 p.m. Sad to say, two of this excellent quartette must succumb at the start. Both teams are good tennis combinations and it is a shame to see one go.

INITIAL.
The initial day of the tournament will be devoted to weeding out. Fifteen matches are scheduled and a lot of splendid tennis is sure to be handed out. Besides the matches already mentioned, there will be a close one between Johns and Davis and Breeden and Fress. These men are very evenly matched and should furnish one of the most exciting affairs of the day. Sinabau and Mace will wallow Harnett and partner with little trouble. Dawson and Hard are selected to take the honors from Boyd and partner unless all dogs flop.

The remaining events are Paddy brothers vs. Goddard and Mot., m.b. Donley and partner vs. Galusha and partner, Goodwin and Kneemeyer vs. Duque and Wilborn, Harber and Hart vs. J. H. Fress and partner, Belden and Chapin vs. Newell and Warren, Badger and partner vs. Benick and Moore, Barker brothers vs. Dison and Hahn, Shook and Bowers vs. Bell and Duncan.

BECAUSE.
On account of the large number of matches there will be no exchange games today. The invitation mixed doubles and women's doubles will start Friday afternoon and continue during the rest of the tournament. McLoughlin and Bundy are the principal attraction in the men's exhibition matches, better known as the "Big Game." The tournament will last four days. The semi-finals are to be played Saturday afternoon and the finals are scheduled for Monday afternoon.

Five different teams have won the honors in this affair during the last six years. According to this schedule a new bunch of tennis stars ought to step into the spotlight this time. The tournament will be held on the Hotel Virginia courts and the first match will start at 9 a.m.

EARLY FOOTBALL PRACTICE IN FALL.

HARVARD AND PENN TO START TRAINING MEN BEFORE UNIVERSITIES OPEN.

Early calls for practice are to be the rule in eastern university football circles this autumn. Both Harvard and Pennsylvania will assemble a large portion of their squads some days before the opening of the universities in order that the players may be coached in the fundamentals of the game before the serious work of the season begins. The Quakers will report at Mt. Gretna, Pa., on August 28 for two weeks' work before the training at Franklin Field and Harvard candidates will begin to get acquainted with the pigskin on September 13, two weeks before the Cambridge university opens its scholastic doors for another year.

INMAN OUT OF TOURNEY.

(BY A. P. MIGHT WIRE)
PITTSBURGH, June 30.—Only one match was played in the national clay court tennis championship tournament here today. A heavy rain soaked the courts, but late today the sun came out, and by burning gasoline one of the courts was dried out, and F. C. Inman of the West Side Tennis Club and J. C. Castie of Pittsburgh decided to finish their match, which had been interrupted by rain yesterday. The match resulted in Inman's defeat by a score of 3-6, 6-4 and 4-6.

George M. Church of Princeton, the Intercollegiate champion, and N. W. Niles of Boston have fought their way to the semi-finals in singles, while R. Norris Williams, Harvard, and Dean Mathey, West Side, will contest with each other to determine who shall join Church and Niles. Castie will also meet M. W. Washburn, West Side, in the sixth round.

LICENSE NUMBER 131313 FOR AUTO CLUB MACHINE.

WHO'S AFRAID OF 131313?

Everybody in California except officials of the Automobile Club of Southern California, according to W. S. Goble, assistant superintendent in charge of the State registration branch here.

Auto license number 131313 went to the highest bidder yesterday. There was only one bidder, and that was the auto club, for the number is to be used on the car which is to carry Southern California's own signposts into Kansas City in triumph next month.

"Afraid of number 131313? It's a lucky number for the Automobile club," said Secretary Standish L. Mitchell yesterday. "The organiza-

Wee Willie Johnston, the slugging tennis star from the Bay City, who with his partner, should repeat last year's victory in the Pacific Coast doubles championship play which starts today on the Virginia courts at Long Beach.

COLLEGE CONFERENCE IS DEFINITELY ANNOUNCED.

As Told in "The Times" Ten Days Ago U.S.C. is Out and Five Colleges Band Together in Ironclad Agreement—Freshman Rule will be Foundation of New Organization.

A DISTINCTIVELY "college" conference has been formed by the colleges of Southern California. Pomona, Occidental, Redlands, Whittier and Throop have now bound themselves into the most ironclad agreement ever signed by any local colleges and probably by any set of institutions in the world.

These colleges have drawn up their own set of rules to suit themselves and will play among themselves, it being impossible for any one of them to schedule games with any institution outside of their conference without the unanimous consent of all the other members of the conference.

BARRED.
The University of Southern California is absolutely barred from the conference for once and for all. Unless U.S.C. is willing to enter the conference as a college of liberal arts it must remain without the pale and as U.S.C. has already signified its intention to compete as a university, there seems no hope of a reconciliation.

The action of the five Southern California institutions is exactly as announced exclusively in two previous issues of The Times. At the meeting

where the resignation of U.S.C. was accepted Pomona and Occidental invited Throop, Redlands and Whittier to have representatives. This was on June 21 and the following morning The Times exclusively told of the proceedings and followed this June 28 with another exclusive story on the detailed rules of the conference.

THE STATEMENT.
Yesterday Prof. R. D. Williams of Pomona College, head of the new organization, issued the following official announcement:
On June 21, 1915, a meeting of the Southern California Intercollegiate Conference was called at Claremont to consider the resignation of the University of Southern California and to decide upon the future of the conference.

At that time the University of Southern California withdrew from the conference by resignation and the resignation was accepted. To the colleges remaining in the conference it seemed highly desirable to simply the athletic programme by confining it to institutions primarily engaged in undergraduate work. For that reason Throop College of Technology, the University of Redlands and Whittier College

(Continued on Fourth Page.)

Oooh, so Lucky!

Indiscriminate Lickings Handed the Braves and Giants.

CONNOLLY IS LAID OUT COLD.

Drive from Cravath's Bat Hits Him on Jaw.

Ecers Forced to Quit Game by Bum Ankle.

Braves Lose to Phillies in Hard Tussle.

(BY A. P. NIGHT WIRE.) PHILADELPHIA, June 30.—Boston put up a fine uphill battle here today, but lost to the home team, 3 to 1. A drive off Cravath's bat took an ugly bound and struck Left Fielder Connolly of Boston on the jaw. Connolly was made unconscious and his lower lip was split. Cravath got three bases before the ball could be returned to the infield. Evers left the game in the sixth inning because of a lame ankle. Score:

PIRATES, BROWNS DIVIDE GAMES.

(BY A. P. NIGHT WIRE.) ST. LOUIS, June 30.—Doak, who led the National League pitchers last year, hurled his first shut-out game of the season here today, winning the first game of a double header from Pittsburgh for St. Louis, 2 to 0. Halles made things easier for the visitors in the second game, and they slugged him for a twelve-hit, 4-to-2, ten-inning victory. Score:

BRADY LEADS GOLF PLAYERS.

(BY A. P. NIGHT WIRE.) BROOKLINE (Mass.) June 30.—With half of the seventy-two-hole play of the Massachusetts open golf championship tournament completed today, M. J. Brady of Wollaston led the field with a score of 144, two strokes better than his nearest competitor, Walter C. Hagen of Rochester, former United States open champion. Gilbert Nicholls of Wilmington, Del., was third, with 149, and J. M. Barnes of White Marsh Valley, fourth, with 150. Francis Outmet, amateur champion, and Thomas L. McNamara of Boston, who led all the professionals in the United States open competition at Baltimor, were tied for fifth place with 151. Brady's score of 71 in the second round was the best record for eighteen holes during today.

REDS AND CUBS SPLIT TWIN BILL.

(BY A. P. NIGHT WIRE.) CINCINNATI, June 30.—Cincinnati and Chicago divided honors here today in a double-header, Cincinnati shutting out the visitors, 1 to 0, in the first contest and Chicago duplicating the trick in the second, 3 to 0. Score:

ALL-STAR TEAM
OF MANAGERS.
Great Club Selected from Coast Leaders.
Shy on Pitchers, but Would Have Hitting Power.
Catchers Get Most of the Bossing Jobs.

Courtney "Joe" Lacy, Who was the first handball expert to lick Ray Dunnigan at the L.A.A.C. He accomplished this feat Tuesday and will meet Larson for the title soon.

HANDBALL IS DOWN TO FINAL.
Lacy and Larson to Meet for Title.
Dunnigan Eliminated Without Trouble.
Third Frame is now Being Played by All.

Courtney Lacy and C. E. Larson are the two championship survivors in the L.A.A.C. handball tournament. The lists were materially reduced when Ray Dunnigan fell from sight in the semi-finals. Mr. Lacy is responsible for this particular bit of wedding out and succeeded in defeating the former title holder in two fast sets, 11-15, 11-12.

Ray Dunnigan has held the club championship for four years now, and most of the handball enthusiasts had conceded him another annum of victory. He is a brilliant player, but has a tendency to be a trifle erratic. In the fatal match he was off form, there is no doubt about it. His whole game was below standard and he seemed to lack his customary pep and ambition. Even at that he put up a wonderful game, weakening a little in the second match.

OLYMPIC CLUB FOR OLD GAME.
(BY A. P. NIGHT WEBB.)
SAN FRANCISCO, June 30.—Preparations for the organization of a football team to play the American intercollegiate game were commenced today by the Olympic Club at a directors' meeting, following virtual assurances that the University of California will resume the American game this fall. It is planned to schedule games with the University of California, Southern California, Washington and Oregon, and probably Oregon Agricultural College and Pomona and Occidental colleges. Before the Olympic Club took up Rugby in 1906 its intercollegiate football teams were a big factor in the football season and included many famous former college stars.

Games with the Los Angeles Athletic Club and the Multnomah Club of Portland, Or., were also considered today. The Rugby players of the club will continue a team under the English rules and play Stanford.

FISHING POOR AT SESPE, REPORT.
Fishing reports from the Sespe and surrounding country are poor. Al Read has just returned from that region, and he is very pessimistic. He caught about two three and a half-inch trout, and he is somewhat discouraged.

CHARLEY WHITE THINKS HE CAN KNOCK OUT WELSH.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

NEW YORK, June 30.—Charley White is training at Rye Beach for his match with Champion Freddie Welsh at Brighton Beach, Saturday night. Charley has the natives all "hot up" by his style of battling and they're going to be there with Charley until the last punch is delivered. He has told everyone that the fourth of July this year will see the routing of an English champion and an American—although an adopted one—become the lightweight champion of the world. Charley thinks that's a great hunch and really believes it will work more in his favor than his famous old New York "jinx" will work against him. Charley thinks a full grown hoodoo is on his trail. Once he lost it, he says, and got far enough away to be able to administer his sleep punch to the vital point of "young" Brown's chin. But every other time nothing but hard luck attended him. He couldn't slip over his great punch and came to be known by New Yorkers as something of a coward.

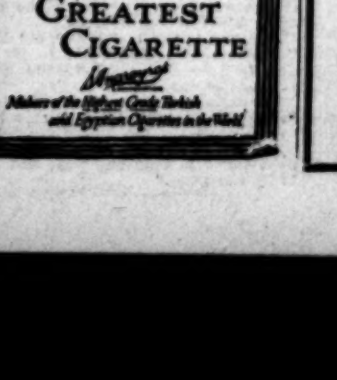

Now White is preaching about his ability to hit even Welsh; says he did it, but not hard enough, but that this time he'll send the old wallop over and thereby make Fourth of July something worth celebrating by the followers of the pugilistic world. His talks and talks about doing it on Saturday night and says that if he fails it will be just because he is hoodooed here.

Why 73 Silverwood
July 1, 1915
Warning!
A TWO days' frolic approaches. Because Sunday will be a holiday for celebrating. We close Monday. PREPARE!

Hello Boys! Get Ready!
A hint of a good time to any live American boy is sufficient to stimulate him to immediate action. Here's a hint. The next open trip at present to The Times Camp is Friday morning, July 9th. The boys who go on this trip will leave the Times Building, First and Broadway, on that date and will have free fares to and from Catalina, first-class, appetizing, healthy-boys meals, sleeping accommodations and lots of games provided at the camp.

Catalina Island the Boys' Happy Vacation Land

For full information as to how to gain your excursion, see The Times agent in your town, or call at The Times office, corner First and Broadway. Ask for the Times Camp Manager.

AT THE STAGE DOOR

Margaret Anglin is to head an all-star company of Shakespearean players who will tour the country next season.

Odie's New One.

Odie Skinner may appear at the Burbank this summer in a new play to be produced by Manager Morosco, who is at present conducting negotiations with Mr. Skinner. Skinner is to play "Kismet" and "The Honor of the Family" in stock, in Denver within the next month.

Foy Falls for Film.

Eddie Foy will arrive in the city within a few days to appear in pictures under the direction of Mack Bennett, at the Keystone.

Good-bye, Julian.

Julian Eltinge left for the East last week, to begin work on his new play entitled "Cousin Lucy," which will be given under A. H. Woods' management. Eltinge expects to bring the new play to the Mason next spring.

Poor Ina.

It is said that Ina Claire's song, which she sang in the new play "The Show," has brought forth objections from many New York Catholics.

Pop Charlie.

Charles Ruggles is to play in Selwyn's new drama, "Rolling Stones," which will open in New York next September.

Star in West.

Frances Starr will probably be seen at the Mason next season in the famous Belasco success, "Marie Odile."

Lilies Us.

Thomas Meighan has cancelled his contract with the Cohan-Harris forces, and will remain to play picture leads with the Lasky Company.

Fair in Film.

David Griffith is working on a big proposition to put the San Francisco exposition into motion pictures, and if his plan goes through will feature Lillian Gish in a photodrama in connection with the exposition pictures. "So beautiful are the buildings and many of the exhibits," said Mr. Griffith, "that it seems a crime not to preserve them in film form."

Under Fire.

Frank Craven, who delighted us in "Too Many Cooks" this season, is to play the lead in Selwyn's "Under Fire" next year.

Tab. Ballet.

Gertrude Hoffman will present a tab, version of "Sumurun" in vaudeville next season, and will bring it to the Orpheum next winter.

Johnnies Wear Crope.

The mystery is out! That cute Mary Elizabeth, singing at the Orpheum this week, is really Mrs. Ralph Davis of Memphis, Tenn. Mrs. Davis is a prominent lawyer of that place, and since her husband's death, she has been a widow for many years ago. Mrs. Davis accepts all short engagements in vaudeville each season, preferring the freights to the spotlight.

A romantic marriage was that of "Mary Elizabeth" and Mr. Davis. He was a confirmed bachelor, or so he thought, but when he saw her behind the footlights in one of Neal Burgess's plays, he said to the man he was with: "If that girl is married, I'm going to get her!" Which he proceeded to do.

Good Girl.

"That story about my being a society girl isn't true at all," said the hardy comedienne. "I've worked hard all my life. I barnstormed when I was a young girl, later I had success on the stage and in vaudeville, and I managed to educate my brothers and sisters, and to buy a home for my parents."

Studies June.

Marjorie Rambeau, who is to play the part of June in "The Trail of the Lonesome Pine" at the Burbank next week, has applied to Charlotte Walker, who created the role in New York, for "pointers" on the characterization.

Out Among 'Em.

Isabelle Lowe, who played "June" in the above-mentioned drama at the Mason, last fall, is cousin of Edmund Lowe of the Burbank Company.

Mr. Lowe will play the role of the young engineer. He is especially fitted, he claims, because he took a course in engineering at the University of Virginia. During that course, some of his class traveled up to the Blue Ridge Mountains on a part-vacation, part-study trip, getting practical experience to hyperbolas, as Mr. Lowe, lucidly explained, in other words, finding the real curve a train makes in its mountain curves. "We stopped at a moonshine's hut, got mistaken for detectives, and had hard time making a get-away," said Mr. Lowe, "but when we showed them our engineering instruments, they finally agreed we probably couldn't kill anybody with them, and let us go."

Nate-ee!

Winifred Bryson, who will play the part of "Loretta" in the Burbank play has been ordered by Stage Director Donald Hewitt to appear without shoes and stockings. Miss Bryson says she just won't, so there!

New Job.

Frank Bacon, who had the role of the doctor in "The Elfin of Youth," at the Burbank, is to play in support of Francis Bushman in pictures.

Solid Ivory.

Among the many clever things that are accredited to James F. J. Archibald, war correspondent, is that he has the best collection of white elephants in America. This applies

Plays capricious role. Mae Marsh, who is appearing at the Woodley this week in "Her Shattered Idol."

purely to Chinese ivory, however, and not to his enterprise or associates.

Back on Rialto.

H. S. Duffield returns to the Burbank company next Sunday, in the role of "Uncle Billy" in the "Trail of the Lonesome Pine."

Mr. Duffield expressed himself as delighted to be back in the California sunshine.

Tom, Too.

Thomas MacLarnie, formerly of the Burbank company, is playing in pictures with the Essanay in Chicago.

Brow Note.

Beatrice Nichols has gone to Boston to spend her vacation with her mother.

"I'm living, moving and having my 'bean' with the brow," writes the vivacious Bee.

Date of "Outcast."

The date of the appearance of Elsie Ferguson at the Mason in "Outcast" is set for July 19.

Taps for Lulu.

There is grief at the Bostock Arena and Jungle. "Lulu," the first baby puma born in this city, died yesterday. The cause of Lulu's death was lack of adequate nourishment. Desperate attempts on the part of the trainers at the zoo to feed the little baby lion from milk bottles proved unavailing. She simply would not accept the artificial nourishment, and pined for the food which her mother was unable to give.

The cage is draped in black, and Lulu's mother droops pathetically in the corner with her face to the wall.

Fashion Note.

Madame Keeler is building the costumes for "So Long Letty," and they are reported to be humdingers. May Boley inhabits only one gown, but it is a lovely creation of gray and scarlet, and Charlotte Greenwood and Selma Paley each have a repertoire of gown to startle the natives.

With the Maul.

If you think you are a rough rider, come down to the Hippodrome next week and try one of Mile. Bernack's mules. Ten to one it will be a case of off again, on again, never again!

Grooming Board.

Officers and directors of the Occidental Film Manufacturing Corporation held a night at the Hotel Clark, covers being laid for more than a hundred of the officials, film magnates and society folk.

Mayor Rose was the first speaker, followed by President Turwell and others. Letters have been sent to the various Canadian rowing clubs asking what strength they can bring to the annual races, scheduled to be rowed over the Henley mile and 550 yards course at St. Catherine's, August 6 and 7. On their replies rest the decision as to whether there will be a Canadian regatta, or not. Many of the clubs have suffered the loss of prominent members who have gone to the war.

Mr. and Mrs. Davis are to make a trip to Australia, sailing from San Francisco on the Ventura next week. Mrs. Davis will fulfill a vaudeville engagement on the Rickard circuit, and she has persuaded her spouse that he needs a vacation from his law labors.

WOMEN GOLFERS PLAY FOR CUP.

Craft Higgins Tourney now Holds Limelight.

Los Angeles Country Club Only Entry Here.

Only Women Players are Eligible Today.

BY ALMA WHITAKER.

The women's golf teams play today in the Craft Higgins competition, an event for which women members of all country clubs in the Western Golf Association are eligible. It is an event similar to the Tom Morris trophy for men, and the women players of the Los Angeles Country Club likewise stand to win the trophy for the third time, even as the men's team won the Tom Morris.

Today's Los Angeles team will be made up of Mrs. Dudley Fulton, captain; Mrs. Fred Griffith, Mrs. K. K. Parrot and Mrs. H. D. Requa. They will be the only local team, representing the Los Angeles Country Club. Midweek felt chilly, and the San Gabriel course is too much in the transition stage, owing to the recent improvements, and a handicap cannot muster the necessary players.

The trophy was won by the Los Angeles women last year, and also in 1912. It is a handsome vase of pottery and silver and has adorned the Los Angeles Country Club so gracefully that it is hard to believe that it is almost entirely reconstructed this year, for Mrs. Guy Cochran, Mrs. Parrot and Mrs. H. D. Requa, who were the winners of the trophy last year, have been replaced by Mrs. Fulton, Mrs. Griffith and Mrs. Parrot.

The main modifications in the form of the trophy are as follows: The adoption of the freshman rule, which reads: "Institutions having one hundred male students or over in the three upper classes no student shall participate in intercollegiate athletics until he shall have obtained fifteen entrance credits and following this shall have completed one full year of work consisting of at least twenty-four hours. Attendance at summer sessions is not counted as residence for the purpose of this rule." In institutions having less than one hundred male students in the three upper classes no student shall participate in intercollegiate athletics until he shall have obtained fifteen entrance credits, and following this shall have completed one full year of work consisting of at least twenty-four hours. Attendance at summer sessions is not counted as residence for the purpose of this rule.

UNDERGRADUATE. All contestants must be undergraduates students in the college of liberal arts. They must be passing in the majority of their courses. No student shall participate in intercollegiate athletics for more than three years in the aggregate but in the case of institutions where the student body is small, the limit may be extended to four years of competition will be allowed instead of three. Any member of a team who plays during any part of an intercollegiate season thereafter does participate for that year.

IRONCLAD. No member of the conference shall arrange intercollegiate contests with institutions outside of the conference without the unanimous consent of the members of the conference.

Statements covering the use of all players raised in the Los Angeles Country Club. They are to be held in the Los Angeles Country Club. They are to be held in the Los Angeles Country Club.

The suggested modifications of the conference agreement have been submitted to the University of Southern California, which has agreed to accept them. It is not likely that the colleges will seek games with California universities. Such games would require the unanimous consent of the conference and no such request has been entered by any member of the conference. It is possible that a game will be scheduled with the University of Arizona as Pomona has an agreement lasting one more year.

ROBERT D. WILLIAMS, President of the Conference.

ENGLISH BOXING RULES CRITICISED.

WELLS-SMITH FIGHT SHOWS REFEREE SHOULD BE INSIDE ROPES.

That the war has not deprived English sporting events of interest is indicated by the controversy regarding the Bombarrier Wells-Sergeant Dick Smith heavyweight battle, recently fought in London. Public prints have devoted considerable space to the question as to whether Wells was not knocked out by Smith previously to the round in which Wells was awarded the fight.

In the eighth round Smith sent the Bombarrier to the floor with a right to the body and the referee, who was outside the ropes, according to the English custom, had to enter the ring before beginning his count. Wells arose at nine and in the next round knocked out his opponent.

As a result of the controversy arising from this bout it is likely that the English system of counting will be changed.

The boxing expert of the Evening News attacks the whole system of betting at the British ringside. He method he characterizes as "extremely unsatisfactory and unreliable from the point of view of every one concerned."

"Boxing is the one grand old English sport that ought not to be endangered by rascals, and the interests of the contending parties. Every boxer ought to know that when he is knocked off his feet he must get on to them within ten seconds, or less. The limit of the ten seconds ought to be marked in only one way, and that is by the gong."

STATE HIGHWAY IS COMPLETED.

The final link on the inland State highway between Kingsburg and Tracy will be opened tomorrow, according to the official touring bureau of the Automobile Club of Southern California.

This stretch of highway, which has necessitated a detour for the last nine months, is to be opened tomorrow with the exception of 100 feet around the last bridge, which will not be uncovered until July 15.

There are now 145 miles of continuous pavement from Kingsburg to Tracy, with the exception of the 100-foot detour, according to the auto club report. Motorists should get final instructions on both the coast and inland roads at the club headquarters before leaving for San Francisco over the week-end.

WOLTER HIGGINS TOURNEY NOW HOLDS LIMELIGHT.

Los Angeles Country Club Only Entry Here.

Only Women Players are Eligible Today.

BY ALMA WHITAKER.

The women's golf teams play today in the Craft Higgins competition, an event for which women members of all country clubs in the Western Golf Association are eligible. Attendance at summer sessions is not counted as residence for the purpose of this rule."

STATEMENT MADE BY HEADS OF CONFERENCE COLLEGES.

THE undersigned have the honor to represent educational institutions in Southern California devoted to college work.

Impressed with the importance of the proper development of athletics and physical culture in our several institutions, we are also deeply concerned, in view of what we consider to be, throughout the country in general, a widespread over-emphasis on college athletics, to the detriment of studies, and to the neglect of the physical welfare of student bodies as a whole. We regard this exaggeration of athletics as presenting one of the gravest problems in the realm of collegiate and also of secondary education. Located, however, as are our colleges here in Southern California, we believe it is possible by common effort not only to resist this extreme tendency, but also to create a mutual athletic life which shall be distinctly and uniquely fine, friendly and sane.

To this end, that such a type of college sport may be promoted, we have approved the organization of a distinctively college conference based upon the highest amateur rules. The athletic competitions of our several colleges are to be carried on primarily within this local and closely-affiliated group, although competition with other institutions of equally high standards in athletics and scholarship may occasionally be arranged when unanimously approved by the conference.

Being neighbors, and each holding the others in the highest esteem and confidence, we have agreed to represent to one another frankly any information calling in question the athletic procedures of our several institutions, in the confidence that each college will count it a privilege to assure itself that its athletic life is maintained upon the highest and most unquestionable standards.

We are eager to make the scholastic tone of our common college life in Southern California the most stimulating and healthful among American colleges anywhere; and we believe that this amplification of our athletic programmes, while diminishing none of the physical values involved, will contribute greatly to a better emphasis upon the main concerns of college life. In this effort to secure the very highest degree of worth, sanity, and genuineness, athletic and scholastic, we bespeak the outspoken co-operation of all the friends of education, and particularly of the alumni and student bodies of the colleges which we represent.

(Signed)

JOHN WILLIS BAER,
JAMES A. BLAISDELL,
VICTOR L. DUKE,
ABRAHAM ROSENBERGER,
JAMES A. B. SCHERER.

Angel Runs Swamp Bees.

(Continued from First Page.)

Laroy, in the course of becoming highly civilized, worked out of his mind the last of the bees, and handed down to him from his tail-eating forefathers. In no other way is it possible to account for the total absence of bees in the Los Angeles area. As a result, he is no longer waterproof, and will demand an umbrella the next time that Blankenship asks him to pitch in a June shower.

Every guy on the Los Angeles team got one or more hits, with the exception of Walter Bots. The main reason that Walter didn't partake of the doings more largely was that he tossed away two of his chances by sacrificing.

TWO-BIT BAT. Walter simply went wild with the bat and slapped the rocky sphere for two triples and a single. He used for the purpose a two-bit bat. Being a Los Angeles player, he got a result. That looking like a home run, Harry came up the first time, the crowd thought he was kidding. The manager wanted to know whether he got that toy so long before Christmas. He didn't get a hit that time, but the next time up he saved off a single.

He repeated later with this bat he will take it home and use it for a potato masher. It is a right size, anyway. It changed his luck, which is the main thing. Furthermore, it was an excellent investment. Think of getting a single and two triples for 25 cents. We have seen players who would gladly give \$9 for a single. All told, Walter drove in six runs. Some boys.

Beef and Zeb also hit well with three singles each, while McMullen hacked off a couple.

Capt. Metzger also got in his daily blow. George has been doing that for three days now. Furthermore, it was his single in the fourth that tied up the score. That looking like a mighty important event at that time, but his luster was dimmed somewhat when Ryan began to knock down a drive from Zacher, but the sphere was so slick that he couldn't throw him out. Tennant poked a slimy single and Ball Lake scored two in the fourth. Orr doubled and scored on a single by Gedeon. B. Ryan hit into a rapid double play, Mac to Zeb to Beck. Metzger knocked down a drive from Zacher, but the sphere was so slick that he couldn't throw him out. Tennant poked a slimy single and Ball Lake scored two in the fourth. Orr doubled and scored on a single by Gedeon. B. Ryan hit into a rapid double play, Mac to Zeb to Beck. Metzger knocked down a drive from Zacher, but the sphere was so slick that he couldn't throw him out. Tennant poked a slimy single and Ball Lake scored two in the fourth. Orr doubled and scored on a single by Gedeon. B. Ryan hit into a rapid double play, Mac to Zeb to Beck. CLUSIVE DISPATCH.]

Close Firm at About a Half Advance—Corn higher on the Bearish Character of Report—Seaboard Demand Gains up a Full Cent.

(BY A. P. NIGHT WIRE.)

AGLO, June 30.—Unexpected gains in Oklahoma, Kansas and Texas.

As a result prices closed firm.

Net advances. Corn gained 1/2 cent.

Wheat gained 1/2 cent.

Barley gained 1/2 cent.

Strength was mainly in sympathy with the bearish character of the report.

The bearish character of the report.

Government weekly report formed a handicap for the bulls.

Attention was given to an active demand from the hog raisers.

Lifted provisions.
